

RAY PFANSCHMIDT IS FOUND GUILTY AND GIVEN DEATH SENTENCE BY JURY

CONDEMNED YOUTH SHOWS NO EMOTION WHEN JURY'S VERDICT IS ANNOUNCED—STEP IS STEADY AS HE WALKS TO JAIL

Jurors Were Unanimous for the Defendant's Guilt, One How Ever Held Out for Life Sentence Until the Fourth Ballot When He Changed and Voted With the Other Eleven for Death Penalty—New Trial Will Be Argued May Sixth.

QUINCY, ILL., APRIL 19.—Ray Pfanschmidt is guilty of the murder of his father, mother, sister and Miss Emma Kaempfen and as a penalty for his crime must forfeit his life. That is the verdict of the jury returned at 7:30 this evening.

The end of the sensational murder trial came with remarkable sadness. The jury retired at 3:23 this afternoon and the prevailing opinion was that no verdict would be reached until several ballots had been taken and no return made until Monday morning. Instead, however, at seven o'clock word came from the jury room that the twelve men had agreed upon their verdict. The young defendant was brought into the court room and walked with a steady step, showing no nervousness whatever. The foreman of the jury, Sampson G. Sparks of Camp Point, handed the verdict to Judge Williams.

Unmoved By Verdict.
A glance at the jurists' countenances left no doubt of what the verdict was. He handed the verdict to Circuit Clerk Betty who read it: "We, the jury, find Ray Pfanschmidt guilty of the murder of his father, mother, sister and Miss Emma Kaempfen, and fix the penalty at death."

Ray Pfanschmidt sat unmoved looking stolidly ahead just as he has during the four weeks of his trial, showing not the least emotion. A slight quaver of the muscles of the throat was the only evidence whatever of any unusual feeling on the part of the condemned youth.

With the same steady step which has characterized his entrance into the courtroom, every day for the last four weeks, Ray Pfanschmidt marched out of the court room and down the winding stairs to the jail, found guilty by a jury of twelve men of one of the worst crimes ever committed in Illinois.

Makes Motion For New Trial.
Immediately after the verdict was read, Attorney George Govett made a motion for a new trial. Judge Williams set May 6th as the date for the arguments on this motion.

The first ballot taken after retiring on the question of guilt or innocence proved that the jury was unanimous for the defendant's guilt. The next ballot was taken on the question of the penalty and eleven of the jurors favored the death penalty, one being for life sentence. On the fourth ballot the one juror favoring life sentence changed his vote to the death penalty.

The jury decided not to make known its verdict until after supper and it was not until seven o'clock that the bailiff was notified of the jury's decision.

But Few In Court Room.

The close of the long Pfanschmidt murder trial was far different from the scenes witnessed during its progress. But few persons knew that the jury had arrived at a verdict and not fifty persons were in the court room. After the news had come noised about the city, the people came in crowds to the court house, but the proceedings were finished before the largest numbers had arrived.

Judge Williams had cautioned the crowd against any demonstration and the verdict was received with absolute quiet in the court room.

While technically Ray Pfanschmidt was found guilty of the murder of his father, mother, sister and Miss Emma Kaempfen, he was found guilty of the murder of all four of the persons who were killed on the Pfanschmidt farm last September. Sunday, September 29th, the Pfanschmidt home was discovered in flames. Four bodies were found in the ruins. An investigation led to the theory that the four persons were killed Friday night, Sept. 27th and the house set on fire Saturday night. About a week later Ray Pfanschmidt, the only son of Charles and Matilda Pfanschmidt, a high school graduate and a former student of the University of Illinois was arrested.

The verdict today is the culmination of the arrest and trial of the young man.

Kaempfen is Satisfied.
E. W. O. Kempen, father of Miss Emma Kaempfen who was one of the victims of the tragedy expressed himself tonight as satisfied with the verdict.

"I believe Ray Pfanschmidt is guilty of the murder of my daughter. I did not pursue him with vengeance. I helped to fight the trial to the utmost because I wanted to see justice done and because I believed that Ray Pfanschmidt was the murderer of my daughter."

All of the evidence against Ray Pfanschmidt was circumstantial. The defense based its case on the theory that the evidence of the state was "planted."

The trial has attracted more attention than any ever tried in Adams county owing to the prominence of the Pfanschmidt family and the brutality of the crime.

A strange coincidence exists in

the fact that today is the twenty-third anniversary of the murder of Charles Aaron by Jamison. The murderer was the last person to receive the death penalty in Adams county.

SUPREME COURT REFUSES TO DISBAR YOUNG ATTORNEY

Court Holds That Charges Made Against Lawyer Were Not Sustained—Other Supreme Court Decisions.

Springfield, Ill., April 19.—The supreme court today refused to disbar Oliver M. Olson, a practicing attorney residing in Wheaton, but having his office in Chicago. It was alleged that Olson carried letters from his client William B. Davy who was confined in the DuPage county jail to Catherine Waulochill, sister of Davy, asking her to secure certain saws and axles for cutting chilled steel and castile soap so that he could break jail. The supreme court holds that the charges made were not sustained in the evidence and discharged the attorney.

Transferred to Appellate Court.
The supreme court today ordered the case of John F. Devine, administrator versus the Fliss Furniture company transferred to the appellate court on the ground that the points involved should be adjusted in that court. Devine seeks to have the supreme court declare unconstitutional the act of 1909, providing for the health, safety and comfort of employees in factories, etc., on the ground that the bill and the amendments were not printed before being adopted as required by the constitution. The supreme court does not pass on the question at issue.

Reversed on Technicality.
Because the name in the indictment was not the name of the person whom it was alleged the defendant had mistreated, the supreme court today reversed and remanded to the criminal court of Cook county the case of Horace L. Smith. He was convicted of the crime against a girl whose first name was Rosalie, as shown in the evidence, whereas in the indictment the name was given as "Rosetta."

The supreme court holds that this variance is fatal and that the proof of the crime, if any, was against another person.

Declines to Grant Writ.

The supreme court today declined to grant a writ of injunction restraining the sanitary district of Chicago from constructing and maintaining a system of conduits, sewers and a pumping station in Evanston in order to have the sewage from the city of Chicago and the sewage from the city of Evanston conveyed to the North shore channel. In the case of Judge vs. Bergmann, Judge maintained that the work should be done by the city of Evanston, but the supreme court holds that Evanston already has a sewage system and that the construction of the work proposed by the sanitary district is not needed by that municipality.

Will Get New Trial at Rockford.

Florian Afton, whose sensational efforts to regain possession of his children about ten years ago after they had been found dependent and sent to a Chicago orphanage, will get a new trial at Rockford, where he was found guilty of the crime of incest with his daughter. The supreme court today reversed the judgment of the Winnebago county circuit court because the jury failed to fix the penalty.

Affirms Judgment of Lower Court.

After numerous trials, the supreme court today affirmed the judgment of the appellate court in the case of Edwin Beggs vs. The Postal Telegraph and Cable company, holding that the telegraph company is liable for damages resulting from delay in transmitting messages. In 1900 Beggs, through his agents, H. I. Baldwin & Co., at Decatur, sent a message in cipher to the Nye and Jinks Grain company at Chicago, relating to the sale of several hundred thousand bushels of grain. The message was delayed and as a result Beggs alleged he incurred heavy damages. The first trial resulted in judgment for \$1,125, but this judgment was reversed. After the case was reinstated in the circuit court a second trial resulted in a judgment of \$750 and was affirmed by the appellate court. The case was brought to the supreme court on a certificate of importance.

Cause Remanded For Trial.

The judgment of both the appellate and superior courts is reversed and the cause remanded for trial in the case of John E. Geoghan et al vs. The Union Elevated railroad company of Chicago and the defendants company as a result of the supreme court discussion to day must pay damages caused to the property of the plaintiffs because of the construction of the railroad in front of their premises.

The suit was started in the Chicago courts January 25th, 1901. A demurrer to the declaration was filed by defendant's attorneys and the case "hung fire" for nearly ten years until October 22nd, 1910, when judgment was entered in favor of the defendant. The appellate court affirmed the decision of the lower court and upon a certificate of importance the case was brought to the supreme court for review.

ST. LOUIS POPULATION \$831,570.
St. Louis, Mo., April 19.—The St. Louis directory for 1913 gives the city a population of \$831,570 while the population of suburban towns swells the total to more than a million. East St. Louis is estimated to have a population of 76,250.

WISCONSIN GYMNASTS WIN ANNUAL CONFERENCE.

Madison, Wis., April 19.—Wisconsin University gymnasts won the annual conference met here tonight with a score of 737-78. Chicago was second with 737-158. Minnesota third with 707.

tion of the railroad in front of their premises.

The suit was started in the Chicago courts January 25th, 1901. A demurrer to the declaration was filed by defendant's attorneys and the case "hung fire" for nearly ten years until October 22nd, 1910, when judgment was entered in favor of the defendant. The appellate court affirmed the decision of the lower court and upon a certificate of importance the case was brought to the supreme court for review.

FIND MUTILATED BODIES IN CISTERN

Kane County Authorities Are Confronted With Mysterious Tragedy

MISSING SINCE MONDAY

Mother and Her Two Small Children Disappeared Late Monday Evening

EX-ST. CHARLES BOY HELD

ELGIN, ILL., APRIL 19.—Authorities of Kane county were confronted today with what appears to be a brutal triple murder revealed by the finding of the mutilated bodies of Mrs. Manny Sleep and her two small children in an abandoned cistern on the Sleep farm, five miles west of Elgin. The trio had been missing since Monday evening.

Late this afternoon Herman Coppes, 16 years old, of the St. Charles School for Boys, who has been on parole to the Sleep family for six months, was taken into custody by Deputy Sheriff George German, and is held in connection with the murder. He is in the county jail at Geneva.

Taking of Coppes into custody followed the development of evidence at the coroner's jury that he had had an empty cartridge in his possession on Thursday. He declared to Stanley Phillips, another state ward, that he believed he would throw the empty cartridge away as it might cause him trouble.

Disappeared Monday.

Mrs. Sleep and her two children, Sarah, aged 4, and Orville, aged 2, disappeared Monday evening between 4 and 7 o'clock. The husband found their bodies this morning in a cistern, the only opening to which is through the kitchen floor. The skulls of both children were crushed and there were five bullet holes in the upper part of the mother's body. Any of the five wounds would have been fatal.

Blood-stained axes, with which the crimes are believed to have been committed, were found in a woodshed adjoining the house.

A revolver with four loaded cartridges and one empty chamber, was found in the cistern. The calibre of the revolver and that of the empty shell carried by Coppes were the same.

No Motive Can Be Found.

No motive for the murders can be unearthed. Coppes professes innocence. A note addressed to Mr. Sleep read: "Mr. Sleep, from Maude. Dear Father: I have killed myself. Maude."

The writing is said to resemble that of Coppes.

Manny Sleep was the only witness heard by the coroner's jury today. He told his story in a straightforward manner and is not believed by Coroner Eugene Norton to have any knowledge of the crime. After Sleep's testimony was taken the inquest was adjourned for ten days.

Mrs. Sleep was 43 years old. Her husband is fourteen years her senior. Two children are living, Ida, aged 11, and Hattie, aged 19.

FEDERALS KILLED BY DYNAMITE EXPLOSION.

El Paso, Tex., April 19.—Seventy five federal soldiers were killed outright when insurgents dynamited a troop train a few miles below Chihuahua City.

Refugees arriving by automobile here tonight from the Parral district reported that they had encountered the wrecked train, and estimated the dead, which apparently for several days had remained along the tracks of the Mexican Central railway.

Strong groups of constitutionalists were met at intervals along the route.

ST. LOUIS POPULATION \$831,570.

St. Louis, Mo., April 19.—The St. Louis directory for 1913 gives the city a population of \$831,570 while the population of suburban towns swells the total to more than a million. East St. Louis is estimated to have a population of 76,250.

WISCONSIN GYMNASTS WIN ANNUAL CONFERENCE.

Madison, Wis., April 19.—Wisconsin University gymnasts won the annual conference met here tonight with a score of 737-78. Chicago was second with 737-158. Minnesota third with 707.

tion of the railroad in front of their premises.

The suit was started in the Chicago courts January 25th, 1901. A demurrer to the declaration was filed by defendant's attorneys and the case "hung fire" for nearly ten years until October 22nd, 1910, when judgment was entered in favor of the defendant. The appellate court affirmed the decision of the lower court and upon a certificate of importance the case was brought to the supreme court for review.

WILSON'S VIEW OF ANTI-ALIEN LAND LAW

SECRETARY BRYAN SENDS WORD TO GOV. HIRAM JOHNSON

Declares California Assembly Bill Might Be Construed as a Violation of the Treaty Obligations With Japan—Senate's Measure Not Objectionable.

WASHINGTON, APRIL 19.—President Wilson and Secretary Bryan following the precedent of previous administrations today made known their views on the internal character of the anti-alien legislation now pending in California. In a telegram to Governor Hiram Johnson, Secretary Bryan expressed the view of President Wilson that the California assembly bill might be construed as a violation of the treaty obligations with Japan, while the senate's measure as drawn would not be objectionable. The telegram and other information from official circles indicated clearly that the assembly bill is regarded here as a distinct discrimination against Japanese, who at present are denied the right of naturalization. The language of the senate bill, however, is approved by the president as he has discovered that this is the phraseology of the statutes already in several states. Incidentally all these laws make it impossible for Japanese to own land until they are able to declare their intention of becoming citizens, a privilege which the lower courts thus far have not given them on the ground that they were not of white or African descent.

It is not unlikely that the Japanese government will now attempt to have the question of naturalization pressed to higher courts.

May Defeat Proposed Law.

Sacramento, Calif., April 19.—The defeat of proposed alien land legislation in California may result from the diplomatic communication received today by Governor Johnson from the state department at Washington.

Secretary Bryan's expression of preference for a particular bill has split the anti-alien forces into two opposing factions.

Whether either will be able to muster twenty-one votes in the senate, where the fight is now centered, is admitted by both sides to be doubtful.

On the one hand are the proponents of the Thompson-Hirshland bill which proposes to limit ownership in land to citizens and those who have declared their intention to become citizens. It treats all aliens and corporations alike, declaring, in the case of the latter, that a majority of the stock must be held by citizens or those who have declared their intentions, according to law.

Secretary Bryan in his telegram quotes President Wilson as saying that this plan is greatly to be preferred.

Opposed to this measure are those who would discriminate in favor of Europeans and European capital, or who advocate making the law apply directly to the Japanese.

The bill passed last Wednesday by the assembly makes this discrimination through the words "ineligible to citizenship."

Secretary Bryan's message stated that President Wilson earnestly advises against the use of these words.

Still another group, though small, is made up of those who are opposed to any anti-alien legislation and will vote against such a law in any form. There are at least six of these in the senate, including some of the administration leaders, and their predictions tonight are that they will hold the balance of power and be able to defeat the bills.

STRIKE FOR SUFFRAGE HAS MADE AN IMPRESSION.

Brussels, April 19.—Spokesmen of the government do not for the present admit that there is any intention to alter their attitude in the slightest in the general strike for manhood suffrage. There is no doubt, however, that events of the past week have made a profound impression and in well informed political circles nobody would be surprised to see the government make overtures when the chamber reconvenes Tuesday.

The strike is causing losses of millions of dollars to the state and the wealthy and middle class and the opposition declares that the government cannot maintain its present attitude much longer. The strikers continue to show splendid discipline.

WEATHER INDICATIONS AND TEMPERATURES.

Washington, April 19.—For Illinois: Fair Sunday, followed by increasing cloudiness and showers Sunday or on Monday; warmer Monday, moderate easterly winds.

Temperatures.

Chicago, April 19.—Current, maximum and minimum temperatures today were:

	Current.	High.	Low.
Boston	44	68	52
Buffalo	24	42	36

New Orleans	76	84	66
Chicago	41	48	29
Detroit	61	64	46
Omaha	56	69	40
St. Paul	46	59	48
Helena	56	62	50
San Francisco	56	62	50
Winnipeg	56	62	30

WILL FAILS TO GIVE ESTATE'S VALUE

Amount of Bequests and Trusts Sums Named Is Under Twenty Million

J. P., JR. IS CHIEF HEIR

Entire Residue of Estate Is Left to J. P. Morgan, Jr. and He Is Named Chief Heir

SON-IN-LAWS GET MILLION

NEW YORK, APRIL 19.—"I commit my soul into the hands of my Saviour in full confidence that having redeemed it and washed it in His most precious blood, He will present it faultless before the throne of my Heavenly Father and I entrust my children to maintain and defend, at all hazard, and at any cost of personal sacrifice the blessed doctrine of the complete atonement for sin through the blood of Jesus Christ, once offered and through that alone."

This is the extra-ordinary and striking utterance which began that last will and testament of John Pierpont Morgan, who died in Rome on March 31st, last, whose body was last Monday borne to its last resting place at Hartford.

There is nothing in the will to give an accurate idea of the value of the estate.

Residue of Estate Left J. P., Jr.
The amount of bequests and trusts, named by specific sums, is under twenty million dollars, but the entire residue of the estate is left to J. P. Morgan Jr., who is designated by his father to become chief heir, not only to his fortune but to his many charitable and artistic activities.

As to his wonderful collection of pictures and other art treasures, Mr. Morgan makes perfectly plain what his own hopes on this point have been, and yet leaves his son, who is his residuary legatee, entire freedom in the matter. Mr. Morgan says he took great interest in gathering the art treasures, and it had been his choice and intention to so dispose of them as to render them permanently available for the instruction and pleasure of the American people.

Lack of time, he says, prevented his carrying this purpose into effect. His expresses the hope that his heirs whom he succeeded to the ownership of the collection will be able to make permanent, disposition, or from time to time permanent dispositions, of them or of such portions of them as may be determined which will be a substantial carrying out of the intention which he had cherished.

In the case of the great lying-in hospital in New York to which, a few days ago, Mr. Morgan gave over a million and a quarter dollars, he requests a continuance of the same assistance he gave. This amounted to \$1,000,000 annually. To his "beloved wife, Frances Louisa Tracy Morgan" he gives the income for life of a trust fund of one million dollars with power to disburse the capital by will.

Mr. Morgan explains that "I give my wife this power of disposition in order to enable her to make such legacies as she may desire to her relatives or friends or for charity."

Mrs. Morgan is already entitled to the income of a trust fund created by Julius Spencer Morgan (Mr. Morgan's father) by deed dated July 1st, 1867. The will provides that she is now to receive for life the income of an additional trust of such amount as her total income from these two trusts shall (aside from the income of the one million dollar fund) amount to \$100,000 a year.

Also Receives "Cragston."

Mrs. Morgan also receives during her life "Cragston" the Morgan family place at Highland Falls, N. Y., and also the Morgan home at No. 219 Madison avenue, New York together with all its furnishings. Her son John Pierpont Morgan Jr., receives an outright legacy of \$3,000,000. His two married daughters, respectively Louise, the wife of Herbert I. Satterlee, and Juliet, the wife of William P. Hamilton, receive each the income for life from a trust fund of \$300,000. Upon the death of these daughters these funds are to go to their children, but each daughter is given power "to dispose of said sum of \$300,000 by will among her issue in such shares or proportions and on such lawful trusts as she may think proper."

Third daughter, Miss Annie Tracy Morgan, likewise receives for life the income from a trust fund of \$3,000,000 and in the event of her marriage and having heirs the same provisions hold good as apply to her elder sisters. In case of her death without children she may bequeath to her husband out of the trust fund \$1,000,000.

Son-in-Laws Get Million Each.

Mr. Morgan's two son-in-laws, William Pierson Hamilton and Herbert Livingston Satterlee, receive each an outright legacy of \$1,000,000.

He also remembered liberally many friends, business associates and employees.

Considerable sums are also given churches and missionary societies in which he was interested. His private charities are to be continued on the same scale as during his lifetime.

RUNAWAY MOTOR CAR PLUNGES INTO RIVER

CHILDREN OF ISADORA DUNCAN DROWN WHEN AUTO IS SUBMERGED

Machine Starts Suddenly on Road When Chauffeur Is Making Repairs—Unguided the Car Ran Over the Embankment into River Seine.

PARIS, APRIL 19.—Two children of Isadora Duncan the American dancer, a girl of 5 and a boy of 3, and their English governess were drowned as the result of a singular accident today when the automobile which they were riding along the boulevard Bourbon in the suburb of Neuilly sur Seine, plunged from the roadway into the river Seine. The machine had been brought to a stop by an automobile approaching from the opposite direction and had lost power, the chauffeur descended to the ground and started the carburetor but as the power had not been turned off, the machine started abruptly and gained headway so quickly that the chauffeur was unable to regain his seat. The motor car with no guiding hand at the steering wheel left the roadway and ran over the embankment which is not protected with a parapet, and then dashed into the river.

Chauffeur Summons Help.
The chauffeur ran half a mile to a police station where he summoned help. When aid reached the scene of the accident, the water was nearly up to the roof of the closed car. The car had just left the Duncan residence at Neuilly when the accident occurred. The distracted mother ran to the spot with friends. Two watermen immediately plunged in an attempt to rescue the occupants of the car. Firemen also hastened to the scene, but their efforts were in vain.

After an hours work the car was dragged to the bank of the stream and physicians worked for a long time in an endeavor to bring about respiration by artificial methods. There seemed at first some hope of reviving the victims, but this finally was abandoned.

The bill as approved by President Wilson came through the caucus unscathed. Democratic opponents to free sugar in three years and to free wool made the most vigorous fights on the President's suggestion adopted by the ways and means committee, but they were hopelessly outvoted with little chance to develop enough opposition with Republican alliance to do anything with their amendments on the floor of the house.

Radified By Big Vote.

The caucus ratified the bill with its minor amendments by an overwhelming vote some members taking advantage of the rule granting them freedom from the caucus pledge to support the bill in its entirety. Members who were released from the caucus pledge were Broussard Dupre, Lazare and Morgan, of Louisiana on account of sugar; Ashbrook, White, and Francis of Ohio, because of wool; Brenner and Kirkhead of New Jersey on account of cattle; Donovan and Kennedy, Connecticut, because of hats; Burke, Wisconsin, farm products and Fowler, Illinois, linseed oil.

Principal Changes Made in the bill were:

Shoe machinery, buckwheat, rye, rabbit fur and phosphoric acid transferred from dutiable to the free list; diamonds, uncut, are unchanged but cut diamonds, increased from 15 to 20 per cent; castor oil, reduced from 15 to 12 per cent; cod, seal and herring oil, reduced from 5 to 3 per cent; sperm oil increased from 5 to 13 per cent; vanilla beans reduced from 50 to 30 cents a pound; salts and other compounds and mixtures of which bismuth, gold, platinum, rhodium, silver, tin and uranium constitute the chief value, cut from 15 to 10 per cent. The caucus adopted an amendment fixing May 1st, 1916 as the date when raw sugar should go on the free list. The time when the income tax shall become effective was left subject to future disposition by the house. The big argument in caucus to day was over the provision that would allow a five per cent discount on all goods, wares and merchandise imported in bulk from the United States and which shall be wholly the property of United States citizens.

Harrison's Attempt Fails.

Representative Harrison of Mississippi failed in his attempt to strike out the provision, his motion being rejected, 128 to 69. Representative Fitzhenry of Illinois, offered and the house adopted an amendment striking out the words quoted and substituting "in all vessels entitled to be registered under the American laws." It was on the vote on this question that the first break in the caucus occurred. The first break in the caucus occurred occurred Representative Kitchen of North Carolina, voting with the Harrison proposition and Representative Rainey of Illinois voting present. The rest of the committee, including Mr. Underwood voted to sustain the bill.

No change was made in the provision that would allow a discriminating duty of ten per cent ad valorem in addition to the duties imposed by law, to be levied and paid on all goods imported in vessels not of the United States or from a foreign non-contiguous country entering the United States through a contiguous country.

Oral hearings on the tariff will not be granted by the senate finance committee. Business men interested will be allowed to file briefs, but the committee does not propose to spend several months in listening to arguments which its members feel would be largely repetition of the testimony already given before the house ways and means committee.

PRESENCE OF MEMBERS OF HIS FAMILY INSPIRES POPE TO NEW VIGOR

Pontiff's Brother, Angelo Sarto of Grazie Pays Visit to the Sick Room—Pope Continues to Improve.

Rome, April 19.—The visit today of the pope's brother, Angelo Sarto, postmaster of the village of Grazie was one of the tenderest episodes of the sick room. There is a difference in age between them of only one year, but Angelo, with his robust frame, seemed ten years younger than the pope, who appeared thin, languid and pale.

The presence of the members of his family around him has inspired the pope with new vigor and the bright sunshine flooding his room this morning caused him to exclaim:

"On such a day as this, I cannot imagine that anyone could be ill." Reports of the pontiff's condition tonight indicate that there has been no recurrence of unfavorable symptoms. It is pointed out that four days practically no fever has been present and that the pope is suffering only from spells of coughing, which on occasions are somewhat exhausting. The bronchial affection on the left side is diminishing.

The patient, however, is weak and has periods of depression.

AGED WOMAN DEAD.

Springfield, Ill., April 19.—Miss Martha Bates Webb, whose grand father helped organize Vermont as a state and served for twelve years in the provincial legislature of that state, and whose grand father and great uncle served throughout the revolutionary war as soldiers in the Continental army under General Washington, is dead at her home one mile west of Farmingdale, this county at the age of 93 years.

Death was due to senility.

NEW RECORD FOR HAMMER THROW.

Berkley, Cal., April 19.—A new American inter-collegiate record for the 16 pound hammer throw was set here to day in the twentieth annual track and field meet of the University of California and Stanford University. Karl Shattuck of California hurled the hammer 775 feet 10 inches; the previous record, made by Delbot of Pennsylvania being 173 feet, 6 inches.

DELEGATES DIVIDED.

Washington, April 19.—The Chinese constituent assembly has been unable to complete its organization and elect the officers for the senate and house of representatives and to elect a provisional president. State department advisers to day said the delegates were dividing on party lines, which explains the delay.

Meanwhile the recognition of the republic by the United States is held in abeyance.

AUTOISTS COMPLAIN.

Autoists who drive to Jacksonville over the Springfield road complain about the condition of East State street east of Johnson street. There are a number of bad holes there which make travel unpleasant.

SOCIETY ADJOURNS.

Washington, April 19.—The 22nd annual congress of the national society of daughters of the American revolution adjourned sine die to day.

DIAMONDS

"Age cannot wither her, nor custom
stale her infinite variety"

was written of beauty personified, but is also a masterly statement of the quality of our Diamonds.

Our success as diamond merchants is attributed to our strict adherence to the policy of handling only the finest stones.

They always enhance in value and prove a good nest egg for a rainy day.

WILL CELEBRATE

82nd BIRTHDAY

Mr. and Mrs. John R. Hill and son Karl of Greenwood avenue will spend today at the home of Mr. Hill's mother, Mrs. Sarah A. Hill in Franklin. Today is the 82nd anniversary of her birth and it is the intention of her relatives and a number of his friends to spend the day with her in honor of the event. Mrs. Hill was born in the vicinity of Franklin in the year 1831 and has resided in Morgan county all her life. She is the widow of Isaac Hill, who was familiarly known as "Squire" Hill and who passed away four years since.

Mr. and Mrs. William Dorwart and daughter Miss Lena, Ione Gallagher and Agnes and Marie Megginson of Woodson were among the shoppers in the city Saturday.

Surely Need Good Roads.—The Perry public schools of Pike county were forced to close for a short time because they could not get coal to the school building. Grant Aiken succeeded in getting 1500 pounds, one half going to the school house and a sack of coal to a number of families. Good roads are surely needed in that section of the country.

Votes Against Franchise.—The city council of Pittsfield has voted to table the matter of a franchise for the Central Illinois Public Service company, owners of the Pittsfield plant. The company this far has failed to present a proposition that is satisfactory.

Decatur Elks Will Build.—A \$70,000 home for Decatur lodge No. 401 B. P. O. E. will build this year according to announcement. The trustees have been instructed to purchase property at the northeast corner of Church and Williams street as a site for the new building. The property will cost \$5,500. It is planned to have an individual club building of three stories and basement to cost about \$70,000. Decatur lodge has a membership of over 300.

A Live Town.—The business men and manufacturers of Waterloo, Ia., have asked permission to build a \$50,000 building at the Panama-Pacific exposition in San Francisco. The city offers to pay every dollar of the cost of construction and to maintain it during the fair, and to make it headquarters of the citizens of Iowa, who attend the fair. All they ask is to have all the benefits of the advertising that such an institution would give them.

Wages Claimed For 42 Years.—According to a claim filed in the probate court of McDonough county, Mrs. Florence Hardy of near Blandinsville, worked forty-two years with out pay, and she has presented a bill against the estate of George Snyder for \$7,194 for services rendered. Mrs. Hardy was a daughter of Snyder's wife and while she made her home with her grandmother, a short distance away, she acted as housekeeper and cook for Mr. Snyder and nursed him while ill and though he promised to make it right with her he failed to provide for her in his will. She now asks a settlement for 42 years labor in his household.

One Way to Get Good Roads.—A grocerman of Mt. Sterling made an offer of a pound of coffee to every farmer, who came into town in a King drag, to the one who came the farthest he would give a barrel of flour. Up to noon on the day set, 52 farmers had come to his store on King drags, although it was a rainy day. Each one got his pound of coffee, and the one who came the farthest got his barrel of flour and they all departed, dragging the roads back home. While it was costly to the merchant, it was a revelation as to the value of dragging the roads.

Mayor's Pay Is Cut.—Following an altercation with Mayor Ismus of Mendota, the members of the city council chastised the executive by reducing his salary from \$25 a month to \$5 per month. Several weeks ago the mayor vetoed a measure in which all the aldermen were interested. The councilmen retaliated by repealing the salary ordinance and passing a new one embodying the cut. Mayor Ismus vetoed the new ordinance, whereupon the council passed it over his veto.

City Superintendent Dies.—P. R. Walker, superintendent of the Rockford city schools since 1884, and a member of the state board of education for many years is dead, at the age of 78 years. He was president of the state Normal school board and of the National Teachers' association. He was first lieutenant of company K 92 Illinois infantry of the civil war.

Boy Poisoned From Coffee.—After drinking a cup of coffee the five year old son of H. C. Osterhold of Quincy became violently ill, being seized with cramps. There was so much poison in the coffee that it affected the boy's eyes so that the oculist fears that the sight will be destroyed.

Values For Live Stock.—Hancock county assessors decided on the following basis of values for live stock: Horses, \$100 to \$120; stock cattle, 5 cents; fat cattle 6 to 7 cents; milk cows, \$30 to \$40; mules \$100 to \$120; sheep \$3; hogs 7 cents; poultry \$3 a dozen. Grain—Corn 35 cents; wheat, 75c; oats, 25 cents; rye 40 cents; hay, \$6 to \$7. Merchandise stocks two-thirds invoice value, length of time used being considered.

D. O. K. K. NOTICE.
Business meeting Monday, 7:30. Important.

John E. Hall, R. V.
G. E. Doying, Sec.

ELECTRICAL MEN HERE.
O. M. Wells representing the W. R. Garten Co., A. W. Hill is of the Western Electric Co., and F. A. Carr of the Ft. Wayne Electric Co., were all recent visitors in the city. They came expecting to get a chance on equipment for the municipal light plant.

ROADS IMPROVING RAPIDLY.
The country roads are rapidly getting into good condition much to the delight of automobile owners. Nearly all of the main roads have been dragged and that process accomplishes wonders. A Jacksonville man drove in a car Saturday to a point seven miles out of Winchester and found the roads good all the way with the exception of a few short stretches.

HOWE'S ICE CREAM IS OF UNVARIABLELY HIGH QUALITY.

SUCCESSFUL IN HER WORK.

Miss Olivia Dunlap Has Aided Materially in Establishing Holden Memorial Hospital at Litchfield.

Miss Olivia Dunlap has returned from a trip through southern Illinois in the interest of the Holden memorial hospital which is being erected at Litchfield under the supervision of the Woman's Home Missionary society of the Methodist Episcopal church of that place. Miss Dunlap was very successful in her work in raising funds, enough having been raised now to enable the hospital to be dedicated free of debt, with an additional \$5,000 to be used for an annex. The building is named in honor of Mrs. W. C. Holden who made it possible by a contribution of property to the value of \$10,000. May 4th is the date set for its dedication. The hospital will be managed by trained nurses from the National Deaconess training school at Washington, D. C., an institution under the supervision of a former pastor of Centenary church in Jacksonville, Rev. W. H. Wilder.

Another extensive interest of the Woman's Home Missionary society for which Miss Dunlap was working, is the work among the Slavic peoples of St. Louis. A hospital for them will be dedicated about the first of July. A settlement house, schools and a kindergarten are already in operation. This work dates back three years when a small beginning was made in rented quarters. The Slavonic population of St. Louis numbers about 12,000.

DIRECTORS CHOOSE TEACHERS FOR COMING SCHOOL YEAR

Directors of Various Districts of Morgan County Close Contracts With Instructors—Elections Held Saturday.

School elections were held in nearly everyone of the 107 districts of Morgan county yesterday. In several of the districts the contests were close. In Waverly and Meredosia two members and a president of the board of education were chosen. In the Mount district west of the city the following was the vote, George Rapsilber 7; G. W. Gilbert 6; James Rice 2; J. E. Osborne was named at Woodson and at Murrayville the race was between Charles Izard who received 70 votes and William Nichols 44. At Manchester, autos were pushed into service to get out a vote, T. M. Tucker winning out.

Superintendent Montgomery has announced that the following teachers have been hired for the coming year:

Science Hill—Beulah Cuning, 8 months, salary \$60.
East Liberty—Joe Tyrrell, 8 months, salary \$75.
West Greasy—Jesse Fielder, 7 months, salary \$80.
Hebron—J. V. Kennedy, 7 1/2 months, salary \$80.
Morton—Elizabeth Zellar, eight months, salary \$65.
Sherman—Marian Kenyon, 7 1/2 months, salary \$70.
West Liberty—Mabel Hanning, 7 months, salary \$60.

Dance Wed. eve, April 23, Degen's hall. Union music. O. H. Spaulding.

ILLINOIS NEWS ITEMS.

To Celebrate Grant's Birthday.—Extensive arrangements are being made by the Grant Birthday association of Galena for the proper observance of the great war leader's birthday. A number of prominent speakers will appear on the program.

Butchers to Fight License Law.—Retail meat dealers in Alton have formed an association to demand the repeal of the section of the city license ordinance imposing a tax of \$100 on meat dealers. They have declared their intention of resisting the enforcement of the ordinance unless grocers are compelled to pay a license for handling meats.

Wrecked Engine Is Raised.—After fear and one-half days' effort, with the combined strength of two Chicago & Alton Big Four derricks, the Alton locomotive which was plunged down a 20 foot embankment near Alton was replaced on the rails. The engine weighs 215,000 pounds. It hung on the abutment of a bridge, making it necessary to remove a part of the masonry. The engine was dragged 80 feet on its side, raised to the track and righted.

Elections on Holidays.—A plan to make the Fourth of July an election day for the entire nation and Decoration day a country wide primary day was proposed by Samuel Alschuler at the Chicago Association of Commerce. "We must do something to stir up the voters of the nation," said Mr. Alschuler. "They must be aroused to a sense of their duty. Too little interest is taken in elections and primaries. At some judicial elections hardly anybody turns out." Alschuler suggests combining all our election days and have them on one day and that a rigid holiday.

Pittsfield Schools Close in May.—The board of education has arranged for the closing of the Pittsfield schools Friday, May 23rd. The commencement exercises, however, will be held on Wednesday, May 21. The graduating class this year numbers twenty-five.

Want Teachers Removed.—Up in Peoria, as the result of recent campaigns, petitions are being circulated in the second ward asking the school board to remove Miss Hester Crawley, principal of the White school, and Miss Lydia Riess, a teacher. Indue activity against some public improvements and participation in the campaign are charged.

School Teacher a Suicide.—Death by drowning while temporarily insane was the verdict returned by the coroner's jury that investigated the death of Miss Vivian Puckett, the young school teacher, whose lifeless body was found by searchers in a slough near Freeport. Miss Puckett had suffered a nervous break down as the result of her teaching work.

Burlington to Have Big Yards.—The Burlington road is figuring on having the entire town of Enola, 34 miles west of Chicago, and building monster railroad yards, the largest perhaps on the system.

Plans Cass County Rock Road.—A rock or macadam road from near Owen to Chandlerville is the plan of George F. Kuhlman, exponent of good roads. Mr. Kuhlman has prepared a bill providing for the organization of Special Road Districts for the construction and maintenance of rock, macadam or other hard roads by special assessment. The bill also provides that 25 per cent of the expense be borne by the county, 10 per cent by the road district and 65 per cent by the property owners.

Finds Self Alien at 69.—Jacob Hartmann, 69 years old, a wealthy Alton business man, who has been voting since he was 21, made the discovery in East St. Louis recently he is not a citizen of the United States. Hartmann signed as a witness on an applicant for naturalization in the city court of Alton and so his record was looked up. Hartmann failed to produce proof he had been naturalized. His father died two years after coming to America, when Hartmann was 9 years old, and the son did not comply with the law requiring he be naturalized. He will not be prosecuted.

High quality ice cream comes from Howe's, E. State St.

SPRINGFIELD BRIEFS.

Consolidation of the Springfield Gas Company and the Springfield Heat and Power company, into the Springfield Gas and Electric Company, was effected at the recent annual meeting of the Springfield Utilities Company. It is said the merger has no special significance excepting that it will simplify the business of the two companies.

Governor Dunne has issued requisition papers on the governor of California for the return of Mark Edmonson, a negro jockey, who is wanted in Springfield for assault with attempt to murder. The offense was committed twelve years ago when the negro is said to have shot his sweetheart, Kittie Lewis, and her companion, Georgia Stewart.

Governor Dunne has also issued requisition papers for the return of E. T. Gardner to Springfield, he being wanted there on a charge of forgery.

Mrs. Agnes Schwartz and Leo Gierlaski, who were arrested on a charge of murder in connection with the killing of Gabriel Schwartz, husband of the woman, have both been admitted to bail. Mrs. Schwartz furnished bond in the sum of \$5,000 but Gierlaski, whose bond was placed at \$10,000 has as yet been unable to furnish surety.

Springfield's "blue laws" cases are causing the commissioners no little uneasiness. The Law Enforcement League asked the position of the city law makers regarding the prosecution of the cases involving the violation of the ordinance providing for Sunday closing and the threat of men came forward with the threats of a referendum on the Sunday amusement question in case they were continually harassed by arrest and prosecution. Some of the commissioners are of the opinion that the easiest way to escape the trouble that the old ordinance is causing, is to repeal it. The commissioners arrived at the decision that the cases pending in the justice courts will be prosecuted, following a conference with the legal department. Most of the closing agitation results from economic causes rather than religious.

Order ice cream from Howe's and you get the very best.

SOCIAL EVENTS.

The Domestic Science Round Table met Saturday afternoon with Mrs. William Newman on East State street. The program was in charge of Mrs. J. W. Brown, who read a paper on "Spring Dishes." A very helpful demonstration followed the reading of the paper. The next meeting, at which will occur the annual election of officers, will be held at the residence of Mrs. J. H. Yingling on Mowat avenue.

Mrs. Alden Brown entertained at bridge whist Saturday afternoon at the home of Miss Elizabeth Stamm of Wheeling, W. Va. The house was tastefully decorated with various potted plants. Prizes were won by Miss Stamm, Mrs. Harold Gay and Miss Edith Jordan.

Mrs. T. P. Carter entertained a company of twenty at her home on Lincoln avenue Saturday afternoon, in honor of Miss Katherine Rogerson, who is to wed Dr. H. C. Wolfman. The home was very prettily decorated for the occasion with spring flowers and peach blossoms and in the dining room an elaborate menu was served, the guests being seated at small tables. The place cards were hand painted and in the form of tea cups, and for those who poured they were in the form of tea pots. Those who poured were: Mrs. W. A. Gore, Mrs. George S. Rogerson, Mrs. W. B. Young, Miss Margaret DeMotte Brown and Mrs. T. P. Carter and they were assisted by Misses Katherine and Alice Carter and Dorothy Rogerson.

The Willing Workers of the Presbyterian church of Woodson held a very successful market Saturday at Anderson's store.

RETURNS FROM SOUTH.

G. R. Middleton has returned from Clermont, Florida, where he spent several months very delightfully at the winter home of his brother Dr. Middleton of Pontiac. Mr. Middleton had some very interesting experiences there hunting alligators on night trips and on various fishing expeditions. The vacation was one the Morgan county man needed and he returns feeling greatly benefited.

WILL HAVE FATHERS' NIGHT.

Friday night, April 25th, at 7:30 o'clock there will be held a Parent-Teacher's meeting at the high school known as fathers' night. The address will be by Prof. F. J. Thomson, principal of the Springfield high school. He is also president of the Parent Teacher's association of Springfield. The J. H. S. glee club will sing and a social hour will follow the lecture.

HONORED BY BROTHER MASONS.

At the recent three day session of 32 degree masons in Springfield I. Bart Johnson was chosen president of the organization. His selection was not only an honor for him but for the lodge he represents as well.

A Fair in Each County—A county fair for each county in the state is a new slogan of the state board of agriculture. With the object of accomplishing all the slogan implies a standing committee of five board members has been appointed to assist in promoting fairs in such counties as has had none. The resolution the board adopted, which was offered by Martin Conrad of Chicago, makes a point of the fact that each county, whether it has a fair or not, pays some tax for the purpose.

MORTUARY

DeMatta.
Manuel DeMatta, aged 92 years, who has been very ill for some months and whose condition was made more serious in an accident in which he was burned recently, died at his home, 800 Ashland avenue Saturday night at 9 o'clock.
The deceased was born in the island of Madeira, April 24, 1821 and had been a resident of Illinois for the past sixty-four years. He was thrice married, the last time to Helen Baptist, January 18, 1893, and is survived by his wife, one daughter, Frances DeMatta, nine grand children and eleven great grand children. He was a member of Northminster church and for a number of years had conducted a grocery, previous to that time being engaged in farming.
Funeral services will be held Monday afternoon at 2:30 o'clock at Northminster church in charge of the pastor, Rev. W. E. Spoons, and interment will be made in Jacksonville cemetery.

WITH THE SICK.
W. J. Houston was in from the Arcadia neighborhood yesterday to see his wife, who is a patient at Dr. Day's hospital. He said the lady was doing nicely and her fractured limb was healing. It was deemed best for her to prolong her stay for a week or two before going home.

CLUBS AND SOCIETIES.

The College Hill club will meet with Mrs. Marion B. Tanner Monday afternoon at 3 o'clock.
The Friday Social circle will meet with Mrs. Arthur Cody at her home, 295 Pine street, April 25 at 3 p. m.
The Wednesday class will meet with Mrs. L. W. Chambers.
The Theta Sigma Society of Illinois Woman's college will hold its first open meeting Monday evening, April 21st. Public cordially invited.
The South Side circle will meet with Mrs. W. J. Winchester, 619 East College street, Friday afternoon at 2:30.

MEMBERS OF QUEEN'S PARTY.
The fine weather has afforded the Woman's college girls an opportunity to make preliminary arrangements for their annual May Day festivity. As has formerly been announced Miss Celia Cathcart was chosen May Queen. She has announced the following members of her party:

Maid of honor, Mona Summers; herald, Freda Sidell.
Canopy bearers, Ruth Harker, Mary Fowler, Madeline McDaniels and Mildred Barton.
Ladies in waiting—Frances Frazer, Hallie Clem, Irene McCullough, Elizabeth Tendick, Ira Perry and Lucile White.

The success or failure of this live store depends upon the service and satisfaction which the clothing we sell gives to the wearer.

That's why we offer good clothes from

PARCEL POST PACKAGES COUNTED FOR ONE WEEK

Figures Compiled at Local Postoffice
For Department at Washington—
Description of Postal Savings
Bonds.

According to an order issued from the postoffice department at Washington, the local postoffice has been required to keep count of the parcel post packages delivered from April 14 to 19 inclusive. The figures for that time follow:

Delivered by city carriers..... 808
Delivered by R. F. D. 254
Delivered by local wagon..... 1195

Total 2257

These numbers showed that there has been a healthy growth in the parcel post business locally, and the department ask for the figures in order to arrive more definitely at the cost of the new system.

Information has also been received at the local office concerning the postal savings bonds to be issued July 1, 1913 by the postal savings department.

Description of Bonds.

By applying on or before June 2, 1913, depositors of the postal savings system may exchange the whole or a part of their deposits for United States registered or coupon bonds in denominations of \$20, \$100 and \$500, bearing interest from July 1, 1913 at the rate of 2 1/2 per cent per annum, payable semi-annually and redeemable at the pleasure of the United States after one year from the date of issue, both principal and interest payable 20 years from the date in United States coin.

Postal savings bonds are exempt from all taxes or duties of the United States, as well as from taxation in any form, by or under state, municipal or local authority.

The bonds will be issued by the secretary of the treasury and delivered direct to the applicants. Owing to the time required for printing and registering, the bonds will not be ready for delivery before August 1 or later, though bearing interest from July 1.

Registered and Coupon Bonds.

The depositor's application must indicate whether bonds are desired in registered or coupon form. Coupon bonds are preferable for a depositor who intends to hold them for a short time only and who has ample facilities for their safe keeping. These bonds are payable to bearer and the title will pass by delivery without endorsement. Interest on coupon bonds is collected by means of interest coupons, which are detached by the holder as they become due. Registered bonds are preferable for persons intending to hold them for a considerable period, and they differ from coupon bonds in the following respects:

(A) They have inscribed upon their face the names of the persons to whom they are issued.

(B) They are payable only to the persons to whom they are issued or their assigns.

(C) The ownership of registered bonds can be transferred only by assignment in proper form.

Assignments by Minors.

Under the regulations of the treasury department bonds registered in the name of a minor can be assigned only by a duly sworn guardian or trustee, evidence of whose authority must be submitted. This difficulty does not exist in the case of coupon bonds, which are transferred by mere delivery.

Payment of Interest on Bonds.

Interest on registered bonds is paid by checks drawn at the treasury department in favor of the registered holder. These checks are sent by mail to the postoffice address of the holder. The checks are payable at any office of the government.

NORFOLK, THE NEW ARROW

COLLAR, 1/2 SIZES. MYERS BROS.

DOMESTIC SCIENCE CLUB.

The Social Domestic Science club met Friday afternoon at the residence of Mrs. Laura Mitchell on Anna street with a fair attendance. After the regular routine of business suitable refreshments were served. The club adjourned to meet the third Friday in May with Mrs. Hannah Merriweather on Kosciuszko street. Mrs. Mitchell was assisted by Mrs. Sarah Rice, Mrs. Edna Taylor and Mrs. Triplett.

'BARNEY AND BAILEM' SHOW ATTRACTS LARGE CROWD

Freshmen Class of the Woman's College Gives Touch of Real Circus—Proceeds to Be Used For Endowment Fund.

Mirth reigned supreme at the Barney and Bailem circus, which was put on Saturday in Music hall at the Woman's college, under the auspices of the members of the freshmen class, for the purpose of raising an endowment fund which was promised by that class. There was something amusing every moment, for the old and young alike and the variation ran from the big circus proper to the side shows. The band was a feature of the show and from the strains of "The Rosary" to "Everybody's Doin' It," there was a tune for any mood.

Parade Interesting.

The parade started promptly at 7 o'clock in the old chapel and after marching to the rooms of the literary societies all repaired to Music hall. Conspicuous in the line of march were the members of the sophomore class, who had special seats reserved for them. The sophs twenty in number, dress as one big family, and made their appearance first at the supper hour, having two tables arranged to accommodate them all. Henry Peck was represented by Arlene Hammel and the mother, Mrs. Peck was Elsie Chapman. There was one girl in the family who was married, Flossie Fletcher, her husband was Catherine Buecher and their little girl was Maud Stevenson. Henry Peck, the father was represented as taking his family to the circus.

The various side shows were on the first floor and they proved attractive to the large number of patrons. Here was "The Living Skeleton," "The Fat Woman," "Fake Businesses," "Snake Charmer." Refreshments were also served on the first floor with circus lemonade, popcorn, peanuts and cracker jack.

One Ring Circus.

The stage of the hall was used for the one ring circus, and Mandelaine Ford in a clever way acted the part of ring master. Here the circus band kept things lively by their music. The clown stunt was put on by Ruth Want, Jane Culmer, Ernie Cressner. The rope walkers were Ida Perry and Alma Harmel, while Rose Ranson played the part of a "Living Graphophone." "The Slide for Life," was thrilling as put on by Jane Culmer, and the audience found ample reason for applause in the "Chariot Race" between May Bigger and Mary Balridge. The "Bear Dance" was the last number on the program, a stunt executed by Marjorie Ward and when the band played "Good-bye Everybody," the crowd felt that they surely gotten more than value received for the price of admission. Miss Marie Miller was one of the principal ladies in the entertainment and several young ladies whose names are not mentioned played important parts in the big show and the class is to be complimented upon the success of the evening.

Outline of Program.

The following was the program, together with the songs played:

1. Band Circus Day—"Baby Bumble Bee," "Yip I Adl."
2. Clown stunt.
3. Rank Flower Song—"Everybody's Doin' It."
4. Mule Trot—"Mammy Schuffle Dance."
5. Rope Walkers—"My Old Kentucky Home."
6. Band—"Casey Jones," "Two Little Love Bees."
7. Dog stunt—"Quit Kickin' My Dog Around."
8. Band—"Old Girl of Mine," "Living Graphophone," "Midnight Choo Choo."
9. Elephant stunt—Band plays "Garden of Old Fashioned Roses."
10. Chariot races.
11. Band—"Yankee Doodle," "Rosary."
12. Slide For Life, Band "My Hero."
13. Band concert:

"Your My Baby,"

"I Want to Be."

"I Wonder Whose Kissing Her Now."

"Gint Dance."

Bear Dance, Band, "You Can't Expect Kisses From Me."

Band—"Good-bye Everybody."

J. HERMAN.

FARMERS PLANTING OATS.

G. A. Leach said yesterday in answer to a question that in spite of rain farm work is not late this year. He recalled the fact that last year at this time practically no farmers had their fields ready for oats and many of them did not plant until May. The yield however was greater than has been true for a number of years. Mr. Leach says that the oats that are already planted and as will fare all right but that if a wet hot time should come in June that the late planted oats would be in better shape. Farmers views seem to vary on this subject and there are some of them who believe in being "early birds" when it comes to planting oats and argue that the earlier the oats are in the more certain is a good yield.

Among the farmers in town Saturday was P. J. Woulfe whose home is a few miles south of Jacksonville. Mr. Woulfe said he really ought to have been home but excused himself for leaving farm work by the fact of the school district election. The roads are in fine shape, Mr. Woulfe said, as far as Woodson and added that in South Jacksonville the condition is rougher than is true farther out.

Men's, women's or children's EVER WEAR HOSIERY are sold and guaranteed by FRANK BYRNS' Hat Store.

Only a few days more for Montgomery & Deppe in the old place. We move May 1st, just opposite across the square. A general reduction on everything of 20 per cent. Many special lots to be closed out regardless of cost.

Miss Martha Hoffman wins the Suit in the Grab Bag drawing with No. 644.

MONTGOMERY & DEPPE

Blood Tells

Good blood tells, they say, and bad blood certainly does. Poor or disordered blood tells its own story in lowered vitality, loss of energy, in skin eruptions, in rheumatic pains and in a pallid or sallow appearance of the complexion. This is the season of the year when the blood is most apt to be disordered. Take

Nyal's Hot Springs Blood Remedy

It purifies and enriches the blood. It cures boils, pimples and other skin troubles. It expels rheumatic poison from the system. It builds up strength and energy.

550 DEGREES

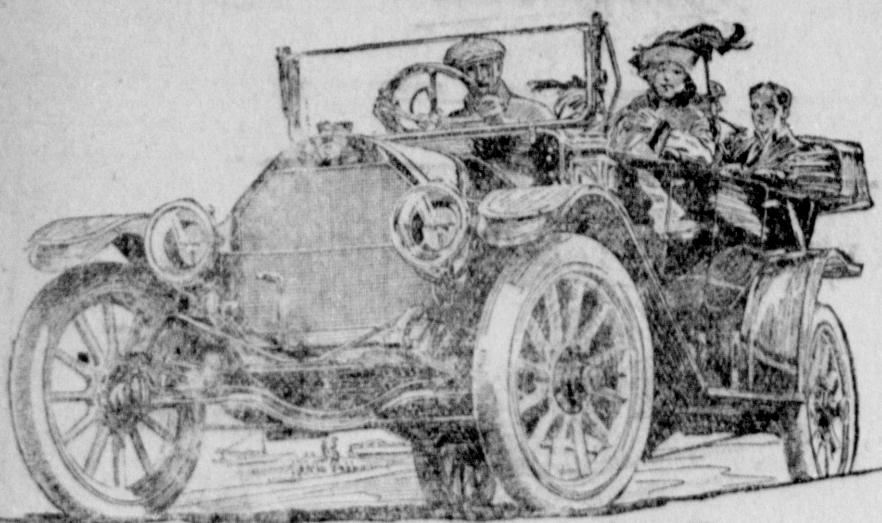

This is the temperature that bursts in your face every time you stop to see if your bread is done. Bending over the oven spoils your complexion, your health and temper.

Buy Butternut Bread

and keep away from those stifling blasts which greet you often during the hour that your bread is in the oven.

Butter Nut Bread not only saves this wear and tear, but it gives the family uniform, pure, delicious bread, as clean as if fairly made no human hands to touch it. Accept no substitutes. A large loaf for .05.

Woodman Bakery

OVERLAND

\$985 F. O. B. Toledo **\$985**
Completely Equipped

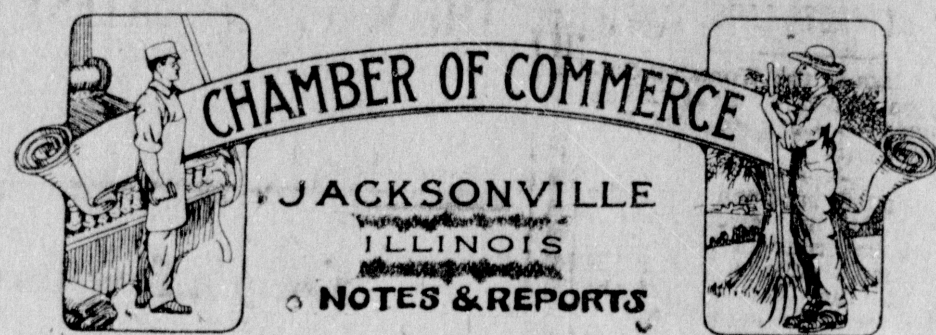

FORTY prominent German Engineers, in an effort to find a weak spot, tore down an Overland that had run over 5,000 miles. They could not find one single flaw.

This exceptional value has always puzzled and astounded the world. But when you take into consideration the economy of building 40,000 cars a year you have the answer. The growing familiarity of 53 nations with the tremendous Overland manufacturing methods, caused Overland sales to increase by leaps and bounds. The market for the best production is unlimited.

It is necessary to see us at once to insure an early spring delivery.

Robert T. Cassell

No. 6 West Side Square, or at Garage, 401 W. College St.
Jacksonville, Both Phones. Illinois.

WILL IT TAKE A

CALAMITY TO AWAKE US?

What is Jacksonville doing? We are not growing very rapidly we all know, and any movement for public improvements receive more discouragement than a boost. "Jacksonville is a good town." Suppose we concede the fact, but would you Mr. Business Man, from a paying investment sink much of your honestly earned money in extensive improvements in Jacksonville at the present time?

The people who have nothing more at stake than to own a home and live selfishly to themselves will always fight public improvements. If they were injuring only themselves nobody would care, but when their position stands in the road of progress, and prevents outside brains and capital from coming to this city, then it is time for the business men to remove this "good for nothing" opposition. If we ourselves are suspicious of getting a good return from Jacksonville investments, how can the Chamber of Commerce go out and bring outsiders into the city. Sometimes it requires some misfortune or calamity to awaken us. Let us hope that such will never be needed to open Jacksonville's eyes.

All Aboard For Alton.

The most of interest at the present time at the Chamber of Commerce offices is sending a large delegation to the Illinois Retail Merchants' convention to be held at Alton next week beginning on Tuesday, April 22. Every retailer of Jacksonville would profit from the discussions which take place at such a convention and at the same time enjoy a vacation from the daily grind in the store.

A committee with Mr. Tomlinson as chairman of the Retail Merchants' division have been calling on the members and it is quite probable that nearly twenty-five delegates will go from Jacksonville. It is certainly time that the merchants of this city make a showing with those of other cities.

The following persons have decided to go or are contemplating: Messrs. T. M. Tomlinson, W. J. Brady, M. R. Fitch, Charles Degen, Herman Weber, Geo. Vasconcellos, F. J. Waddell, Frank Byrns, E. W. Bassett, Dennis Schram, W. S. Ebnie, J. Herman, Paul B. Pritchey, George Douglas, J. G. Reynolds, H. W. Dorn, and others.

We want all that can go along and if you will phone the Chamber of Commerce some time Monday. The delegation will leave Jacksonville over the C. & A. Tuesday morning at 6 o'clock.

The Chamber of Commerce of Austin, Texas, held a popular contest, with cash prizes, for the best ideas for town development. Only bona fide citizens were allowed to compete.

The women's auxiliary of the Chamber of Commerce, Austin, Texas, is anxious for some public spirited citizen to present them with a few thousand trees to be planted through Austin to help make it more beautiful. E. S. Levy & Co., of Galveston, presented to the Health Protective association of that city 4,000 elm trees to be planted by the children of Galveston. The Austin women hope that some philanthropic citizen will emulate the record of Mr. Levy.

Two Important Visitors.

The secretary has made arrangements to have two notable landscape gardeners and city planners to visit Jacksonville, Monday, April 28, and address a joint meeting of the members of the Chamber of Commerce and the members of the Women's club. Central park needs to be beautified but no work should be attempted until a landscape architect and artist has laid out some definite plan. The promiscuous laying out of a flower bed or shrubbery results in a disfigured and unattractive attempt for the amateur.

The two distinguished gentlemen hold the highest position in the landscape gardening department at the University of Illinois. Mr. Wilhelm Miller was formerly one of the editors of Country Life and Prof. Root formerly of Harvard university are men distinguished in their profession. Their visit to Jacksonville should be the beginning of extensive work in beautifying our parks and our lawns.

Our Farmer Boys.

A meeting was called Friday of all the boys in Morgan county, at which an explanation was to have been made of the boys' corn contest. The business men in Jacksonville have contributed over \$500 in prizes and yet only a few boys have busied themselves to win this money. The spirit of "don't care" seems to extend beyond Jacksonville and pervades our wealthy farming territory.

There should be one hundred (100) boys from 12 to 18 years of age competing for these prizes. Don't be content to do and live just as your fathers have. You boys are living in a different age and you should adapt your work in conformity to present day methods and ideas.

The business men are doing their share through the Rural Affairs department and the boys of Morgan county are the losers if they remain inactive.

the protective system.

Golf Links at Nichols Park. A person who is much interested in golf made a suggestion to the secretary which deserves publication. He believes that if the park board would approve of a plan and undertake to add golf links to Nichols park that golf enthusiasts would gladly contribute enough to put them in. They could be easily maintained by requiring members of a club to pay a nominal fee for playing.

If some of our noted golfers will interest themselves in the enterprise, the secretary and he believes the park board would be glad to assist in getting them. This suggestion is a good one and it is hoped that we do something to provide a substitute for what was once an attractive feature of our beautiful Country club of "used to be."

Tuesday, Wednesday and Thursday of this week are to be red letter days at Alton, Ill., for the Retail Merchants of the state as upon these days will be held one of the largest conventions of retailers ever held in Illinois and the merchants of Jacksonville who have attended previous meetings of the state association know what that means. Such meetings are of the greatest interest and benefit to retailers in all lines as at these state conventions retailers from all parts of the state meet and get ideas from their brother merchants and come back to their business with new ideas and plans for a greater year's work both for themselves and the home association. The convention at Alton will be attended this year by about twenty-five live merchants from Jacksonville representing nearly every line of trade in the city and it is the desire of the retail department members of the Chamber of Commerce of this city that we go to this meeting boosting for Jacksonville first, last and all the time and as chairman of the retail department of Jacksonville Chamber of Commerce I urge as many business men to take a day from their store and spend it profitably with our brother merchants from over the state.

T. M. Tomlinson,
Chr. Retail Merchant Conf.

GIVEN BIRTHDAY SURPRISE.

PATHE'S COLORED PICTURE
"IN THREE REELS"

NOTRE DAME DE PARIS

NOTRE DAME de PARIS

VICTOR HUGO'S masterpiece is the basis of this Pathe production in three reels, beautifully mounted. None of the details of this wonderful work have been disregarded, the film adheres closely to the original and is a most complete reproduction of all its picturesque details and its timely dramatic situation. The principal characters are: Jean Valjean, the old convict, who is released from prison and becomes a good man; Fantine, the old and virtuous daughter of Jean Valjean, who is sold as a prostitute; Cosette, the child of Jean Valjean, who is raised by the Thénardiens, a family of thieves and gamblers; and Marius, the young man who falls in love with Cosette. The story is a tale of redemption and love, set against the backdrop of the great cathedral of Notre Dame de Paris. The film is a masterpiece of cinematography, with beautiful scenery and excellent acting. It is a must-see for anyone who loves the story of Notre Dame de Paris.

Heroes One and
All!

A great Lubin two-reel
special fire picture
The plot is most elab-
orate and the situations
intensely dramatic. The
picturesque fire scenes
are a whole show in
themselves.

NORTHWESTERN RELAY RUNNERS SET NEW FOUR MILE RECORD

Cut Ten Seconds From Mark Made
By Wisconsin—New Western Re-
cord Now Stands at 18:36 2-5.

Des Moines, Iowa, April 19.—Re-
lay runners of Northwestern Univer-
sity set a new four mile western re-
cord here today in the Drake relay
carnival, cutting ten seconds from
the mark made by Wisconsin. The
new record is 18:36 2-5. Wisconsin
was second, while Missouri just won
third in a stirring half foot finish
from Ames. In the four mile Os-
borne of Northwestern, gave Trax-
ter a good lead in the first heat, but
Becker of Wisconsin, cut down the
lead and made the finish of the se-
cond mile even. Torson ran away
from Hodges, and White, the Wis-
consin star, could not make up the
last distance.

Kansas won the two mile in 8:20
2-5; Chicago won the mile for the
third time in succession in 3:27 1-5
and Drake captured the half mile
in 1:33 2-5.

Hamline College of St. Paul, broke
the only record in the college sec-
tion the half mile, winning in 1:33
while Des Moines High won all the
inter-scholastic events and set new
records in each.

KENNEDY OF CHICAGO WINS ANNUAL M. A. C. MARATHON

Winner Was Entered Under Colors of
I. A. C.—Sidney Hatch Finished
Seconds.

St. Louis, Mo., April 19.—William
J. Kennedy, entered under colors of
the Illinois Athletic Club, Chicago
won the ninth annual Marathon race
of the Missouri Athletic club this
afternoon in three hours, two min-
utes and eleven seconds.

Sidney Hatch of the Illinois A. C.,
finished second. His time was three
hours, fourteen minutes, thirty six
seconds.

Charles Lobert, unattached, was
third, time 3 hours, 20 minutes and
49 seconds. The race was for the
entire Marathon distance, 26 miles
385 yards.

Frank Johnson, Missouri A. C.,
led for the first three quarters of an
hour, but soon after the first check-
ing station was reached Kennedy
took the lead and maintained it until
the end.

Thirty three men started in the
race.

The course started at Gumbo, St.
Louis county, and terminated at the
Missouri A. C. in the heart of the
business district of St. Louis. The
road was almost free from hills, but
in places was dusty.

"BIG NINE" UNIVERSITY HEADS WILL TRY TO DEFINE AMATEURISM

Will Attempt to Answer Question
"Is Money Test the True Criterion
of Amateurism?"

Urbana, Ill., April 19.—A meeting
of "Big Nine" university presidents
to consider and define amateurism in
college athletics was called today for
Friday by President Edmund J.
James of the University of Illinois.
They will attempt to define "ama-
teurism" and to answer the question
"Is the money test the true criterion
of amateurism?"

The meeting will be unofficial and
without legislative powers but a gen-
eral agreement on what constitutes
an amateur is expected to have a far-
reaching effect.

\$5,000 REWARD.

Will be paid for the most appro-
priate name for the new cigar to be
manufactured by Schulz & Co. All
names to be in by April 23, 1913.
Address Schulz & Co., 961 East Col-
lege avenue.

TOWNSMEN HONOR CRANE.

Dalton, Mass., April 19.—Dalton
citizens turned out en masse today
to pay their respects to W. Murray
Crane, who has ended his career in
the United States senate and re-
turned home to resume the life of a
private citizen. The demonstration
was one of the most remarkable of
its kind ever seen in western Massa-
chusetts.

The streets of the town were
profusely decorated and busi-
ness was generally suspended for the
day. A parade preceded the formal
ceremonies of the day. Welcome ad-
dresses were delivered by several of
the leading citizens and Mr. Crane
responded in a happy vein. Medals
commemorative of the occasion were
distributed and the ex-senator was
presented a magnificent album con-
taining the sentiments and signa-
tures of his fellow townsmen.

by druggists.

TELL IT TO YOUR NEIGHBORS.

If you are one of those fortunate
women who have found relief
through the use of Lydia E. Pink-
ham's Vegetable Compound, from the
dreadful suffering incident to
some female derangement, tell of it
to your neighbor whom you hear
complain of dreadful backache
bearing down pains, dizziness, head-
ache, irregularities, nervousness and
despondency, and when she finds re-
lief in nature's remedy for women's
ills, as thousands of other women
have, she will bless you for telling
her about it.

Mrs. David Smith, who has been
suffering with appendicitis at the
home of her aunt, Mrs. Mary K.
Nunes of North Main street, has re-
turned to her home in Athensville,
much improved.

ACCEPT NEW ST. PAUL BONDS AS BAROMETER OF NEW CONDITIONS

Extraordinary Degree of Attention
Was Given to the Course of the
New 4 1/2 Per Cent Bonds.

New York, April 19.—The absorp-
tion of the financial community in
the question of enlisting new capital
continued throughout the week. An
extraordinary degree of attention
was given to the course of the new
St. Paul 4 1/2 per cent bonds, be-
cause of its acceptance as a baro-
meter of the new conditions to which
other borrowers must conform. The
result cannot be said to fix definitely
the new investment basis, or to break
the deadlock which has existed be-
tween investors and seekers of cap-
ital. Active dealings in the St. Paul
bonds did not prevent a drop to be-
low the price of the public offering.
The announcement that 20 per cent
of the issue was left unrolled when
subscriptions were closed contrasted
with heavy over-subscriptions of
school bond offerings in propitious
times.

The inference was plain that the
rate of return, high as it is, com-
pared with older bond issues did at-
tract investors in effective numbers.
On the other hand the satisfaction
was shown by corporate borrowers,
which found expression in warnings
of the necessity of curtailing outlay
for extension and improvements to
meet the situation. It is assumed
that only railroads with half com-
pleted improvements or with floating
debts and maturing note issues to be
funded would follow St. Paul in
offering long term bonds at present
prices.

Reduction of the bank of England
official discount rate from 5 to 4 1/2
per cent was hailed with satisfaction
as an indication of easy money con-
ditions. Foreign financial com-
mentators which are expecting a
further early reduction in the Eng-
land bank rate to 4 per cent, are
not sanguine of any marked decline
of money rates.

Returns of national banks of April
4th, show a low stage of reserves
among the interior banks and the
likelihood of calls on reserve centers
to replenish them. In the stock mar-
ket the movement was slow and drag-
ging, with a heavy undertone.

WOODMEN MEMORIAL DAY.

Already some matters of arrange-
ment are under way for the annual
Woodman memorial services which
will be held Sunday, June 1st. It
is the intention to have a prominent
speaker here and to make the exer-
cises of even more than usual im-
portance. The committee represent-
ing the two local camps of Woodmen
includes from 912 John N. Joquin,
Fred Wharton and Herbert Vascon-
cellos; from 132 T. J. Bronson,
Louis Connors, and Louis Piepen-
bring. Later on a committee will be
appointed from the Royal Neighbor-
hoods.

ENGLAND KEEPS PRIMROSE DAY.

London, April 19.—Primrose day,
the 32nd anniversary of the death of
Lord Beaconsfield, was observed in
London today in the customary man-
ner. High government officials,
members of parliament and men in
practical all walks of life wore prim-
roses in their buttonholes as a tribute
to the memory of the famous states-
man. The Beaconsfield monument in
Parliament square and the grave of
the statesman in Houghton cem-
etery were elaborately decorated un-
der the auspices of the Primrose
league.

CHATS WITH GREAT MEN OF THE CIVIL WAR

By Mrs. Gen. Pickett.

Copyright, 1913, by The Press Publishing Co.
(The New York Evening World.)

GEN. ROBERT ANDERSON

If any excuse can be made for
drinking mint juleps on April 19-
day it was the speeding of our part-
ing guests, one who was ill and re-
turning abroad for his health—Gen. Ro-
bert Anderson; the other, Gen. Si-
mon Buckner, who was to return to
his home in old Kentucky. Both
guests were from Blue Grass state
and both claimed that Kentucky was
the inventor of the seductive bever-
age which filled the parting glasses.
"No," said one of the three Vir-
ginians present, "the only claim
Kentucky can set up with any degree
of success is that of inheritance
from the mother of states, and the
fact that the daughter state drinks
more juleps."

"Claiming in cold blood to be the
inventor of the mint julep in the
presence of those Virginians, and one
of them the brewer of the very julep
which you hold in your hand, takes
as much courage as the storming of
a fort," said Gen. Anderson.

"Well," replied Gen. Buckner.
It's good enough for both states and
there's glory enough in it for us all.
So, come, let's us drink to both
states and to the one flag that floats
over them."

"That toast, good at all times,"
said Gen. Anderson, "seems most
appropriate on this sadly historic
and hopefully prophetic day—to me
the anniversary of the two most tra-
gic days of all the days of the year
since the beginning—the Gethse-
mane—the crucifixion of our Blessed
Savior, and the assassination of our
great president."

There was a moment of solemn si-
lence and then my Soldier spoke
softly:

"It is Good Friday, for it holds in
its heart all the good that envelops
the world and that will keep our
souls in the eternal sunshine when
the world has passed away. We
know, too, that when a great soul
has spent a little time with us and
is called back home it leaves us its
love and its strength to help us al-
ways."

A sad memory seemed to hold Gen.
Anderson silent and thoughtful for
a time, and then he said:

"On April 14, 1865, I was given
the honor of hoisting the same flag
over Fort Sumter which on that day
four years before I had hauled down
in surrender to your Beauregard.
My telegrams to Washington to Mr.
Lincoln reporting each event had
been approved, and when the sunset
gun was fired that dear old flag
went down in a blaze of glory. In a
few hours more it was raised to float
at half mast for many days to come.
"I have never recovered from that

Gethsemane. Four years before I
prayed as I had never prayed—can
never pray again—that the flag
would not be fired upon. I loved it,
and loved my state and my country.
I had watched the confederate flag
floating over Fort Moultrie and Cas-
tle Pinkney, the two other forts. I
had watched daily the confederates
my brothers, erecting their batteries
for our destruction just within the
range of our guns. I knew the first
shot must come from them. Our
great glorious country was trembl-
ing in the balance.

"Our provisions and ammunition
were almost exhausted. It was im-
possible to procure supplies. I knew
that if we were to make an attack
on the forts the north would not
sanction it. And the confederates
had declared that any attempt on our
part to get food would bring their
fire upon us—a thing rather less
horrible to me than the firing of the
first shot MYSELF. I would rather
my whole garrison should have
starved than have fired that first
shot which I knew would bring on
war. President Lincoln, if possible,
was more averse to war than his
predecessor and assured the govern-
or of South Carolina that all he
wished was to feed his starving men.

"Then came the demand from
Beauregard that I should immedi-
ately evacuate the fort, which I
agreed to do in three days unless in-
structions to the contrary were re-
ceived. The same day two of Beau-
regard's staff, Capt. Lee and Capt.
Chestnut, waited upon me with the
notification that, by the authority of
the commanding general, they would
open fire upon me in one hour. I
think that actor was taken for the
purpose of forcing the secession of
Virginia. I replied with all my arms
and surrendered when supplies were
exhausted."

"And the next day," said Gen.
Heth, "Mr. Lincoln ordered out 75,
000 troops and called an extraordi-
nary session of congress; and Vir-
ginia was ours."

"Even then," said my Soldier, Mr.
Lincoln would have avoided war and
restored the union peaceably if it
had been possible."

"And the north would never in
this wide world have waged war
against the south but for that first
shot of your Beauregard," replied
Gen. Anderson.

"Though a soldier of experience in
Indian wars and in Mexico, Gen.
Robert Anderson never recovered
from his service at Fort Sumter and
was glad to be relieved from the
command of the Kentucky troops to
which he had been assigned upon his
promotion."

ILLINOIS MUSIC TEACHERS.

The Illinois Music Teachers' as-
sociation will meet at Bloomington,
Ill., May 13, 14, 15, and 16th. A
very fine program has been planned.
Edgar Nelson, organist; Allen
Spencer, pianist; Walter Spry and
Glen Dillard Gunn being some of
the musicians and lecturers that
are featured. The Madrigal club of
Chicago will give a concert Thurs-
day evening, May 15th, and on May
16th the Minneapolis Symphony
orchestra will be heard. Mrs. Pan-
ny Bloomfield Zeisler will be one of

the soloists with the orchestra.
Ernest B. Chamberlain of Knox Con-
servatory will speak during the con-
vention on "Church music, its aim
and ideals."

CUBS CAPTURE LAST GAME OF BROWN SERIES

CHICAGO DEFEATS ST. LOUIS NA-
TIONALS BY 6 TO 1 SCORE.

Hunt is Unsteady and Cubs Take Ad-
vantage of Bases on Balls and Se-
cure Early Lead Making Enough
Runs to Win by Wide Margin.

ST. LOUIS, APRIL 19.—Chicago
took the last game of the series here
to day by the score of 6 to 1.

Hunt, St. Louis' Northwestern
League recruit was unsteady and
Chicago coupled hits with bases on
balls, scoring enough runs in the
early innings to win.

PIRATES TAKE SLUGGING MATCH FROM CINCINNATI

Five Hurlers Are Used in Game, a
Total of 19 Hits Being Made Off
Their Delivery.

Pittsburgh, April 19.—Pittsburgh
won a slugfest match today from
Cincinnati 5 to 5. Five pitchers
were used, three by the visitors and
two by Pittsburgh. Booe who took
Carey's place in left field was the
feature. Score:
Cincinnati . . . 000 100 010—5 9 1
Pittsburgh . . . 102 102 000—6 10 2
Batteries—Works, Packard, Har-
ter and Clarke; Cooper, Hendrix and
Gibson.

FRENCHMAN VICTOR.
Paris, April 19.—The American
boxer Willie Lewis, was beaten by
the Frenchman Bernard on points
in a twenty round bout last
night. The Frenchman was the
more aggressive, while Lewis was
more particularly in the last three
rounds.

JOE RIVERS OR CROSS NOT RICHIE'S EQUAL

RIVERS DID NOT COME UP TO
EXPECTATIONS IN BOUT WITH
CROSS.

Light Weight Champion Should have
No Difficulty Winning From Riv-
ers Should the Two Be Matched
Fourth of July.

By James J. Corbett,
(Former Heavy Weight Champion)

On their showing in New York
last week neither Joe Rivers nor
Leach Cross strengthened his po-
sition as possible successor to Willie
Ritchie, the light weight champion.
Provided, of course, the boys did
their best on that occasion, and there
is no reason for thinking other-
wise.

I was disappointed in Rivers' per-
formance. When Joe and Leach
boxed the first time the Californian
came like a whirlwind the last round
or two and at the finish had the lo-
cal boy in bad shape. It looked as
if he had solved Cross' style, and
would show to better advantage in
a return battle. This favorable im-
pression was further strengthened
by the impressive defeat of "Knock
Out" Brown. At it turned out Joe
was barely able to earn a "shade
on Cross in the second start.

Although Willie Ritchie has not
been seen in the ring since winning
the title from Ad Wolgast on a foul,
there is no doubt of his ability as a
boxer. He has several corking per-
formances to his credit which quite
outshadow anything either Rivers
or Cross has shown to date, among
them a four round "win" from Jack
Britton, a "popular" verdict over
Young Erne, and a twenty round
"lose" to Freddy Walsh, which was
probably his most brilliant achieve-
ment all things considered, not ex-
cepting the winning of the title. It
will be remembered that in Walsh
about Ritchie, then a comparative
novice, "subbed" for Wolgast and
took the bout on 48 hours notice,
part of which time was spent in
traveling from San Francisco to Los
Angeles.

Joe Rivers is only a kid in years,
barely 21, and may eventually de-
velop class enough to give Ritchie a
staunch argument. He did, in fact,
show a slight improvement in clever-
ness in the last Cross match, but has
a great deal to learn before he can
hope to rank with the champion in
point of skill. Cross, however, is a
veteran compared with the others,
and can't be expected to improve.
He is as good now as he can ever
hope to be. While a trifle better
than the average light weight boxer,
he is some degrees short of champion-
ship form.

If Ritchie and Rivers meet on the
Fourth of July the champion should
be returned the winner by a safe
margin. It should be no great task
for a clever performer to solve
Rivers' style in a few rounds. The
latter's only chance is such a battle
would appear to rest in the possibi-
lity of landing a "lucky" punch, and
he would have to be lucky to put
one over on the champion.

If further proof was necessary to
convince the New York boxing com-
missioners that referees' decisions
ought to be allowed the Rivers-Cross
bout furnished plenty of it. As usual
in important matches the newspaper
critics were divided on the ques-
tion of which boy was entitled to the
decision. I don't believe there was one
who called it a draw. Some said
Rivers won all the way, while others
maintained that Cross earned the
verdict.

This is a decidedly unsatisfactory
state of affairs. It is unfair to the
boxers and unfair to the public.
Rivers and Cross might pull off a
dozen ten round bouts in New York
and no matter how they resulted,
unless terminating in knock outs,
they would all go down in the record
books as "no decision" contests. The
public pays liberally to see boxing
matches and wants a winner for its
money, when possible to pick one.
The only way out of the difficulty is
to clothe the referees with power to
render decisions. The contention of
some writers that this curtailment of
a referee's authority discourages
gambling on bouts has been exploded.
There is as much betting under the
present system as in the old
Horton day days, when decisions
were rendered and open gambling
was tolerated by the authorities. At-
tendants at local bouts will testify
to this. And what's more, there
will always be betting on boxing
matches, or any other form of sport,
as long as there is any public inter-
est in it, law or no law.

Rivers says he will stick around
New York for a while and take on a
few good light weights. Joe shows
the right spirit at any rate. He is
fighter first, last and all the time,
and deservedly popular with the
fans.

There is some talk of sending Riv-
ers against Young Joe Shugrue, the
Jersey light eight, who outpointed
Cross by a narrow margin a few
months ago. Shugrue is the most
promising material developed in the
east in a long time, and might prove
a surprise party for the little Span-
iard.

It is said that Luther McCarty
asks \$15,000 to box "Gunboat"
Smith ten rounds at Madison Square
Garden. Billy Gibson, the match-
maker, offered a guarantee of \$12,-
500, although that was before the
"Gunboat's" poor showing with Ro-
del. McCarty's demand is beyond
all reason. If the paid were matched
Smith would be the card, for Riv-
ers is not over popular in New
York and a promoter would be tak-
ing big chances in guaranteeing him
even \$5,000.

Can any one imagine Jack "Twin"
Sullivan asking for \$15,000? Still
the veteran recently proved to local
sports that he must be considered in

the running. He easily outpointed
Soldier Kearns and has challenged
both McCarty and Smith. At Buffa-
lo several months ago the "Twin"
shaded the "Gunboat," something
McCarty has not yet accomplished,
and his record will stand compari-
son with that of any of the present
lot of white heavy weights. In his
prime Sullivan stuck to the middle
weight division for the very good
reason that the heavies were a vastly
different sort than is getting away
with the stuff these days. The game
looks easy now and old as he is,
the "Twin" is anxious to do business
with any or all.

Dan McKettrick, manager of Joe
Jeannette, rises to ask why such
boxers as McCarty, Smith, Willard,
et al, who at present occupy the cen-
ter of the pugilistic stage and are
making much talk concerning their
pretensions and intentions, should
be allowed to dictate just when,
where and whom they shall fight.
Dan argues that they not only draw
the color line, but dodge challenges
from the whites eligible to meet
them in the ring. He justly claims
the fashionable "white hopes" ar-
rogate to themselves a privilege never
attempted by real champions in re-
fusing to meet negro boxers, who
have far better claims to the right to
battle for the title than any of the
usurpers.

Not to give McKettrick a short
answer, the "hopes" have the best
reasons in the world for refusing
to meet such men as Jeannette and
Langford. They are afraid they
would be licked. In fact, I might
say they feel sure of it.

Speaking of "hopes," big Al Pal-
zer has returned from abroad. I un-
derstand Tom O'Rourke finally got
tired of waiting for Jack Johnson to
come through with his forfeit money
and decided the wisest course was to
hike for home and easier game.

O'Rourke made a mistake in tak-
ing his fighter to France on the
long chance of setting a battle with
Johnson. As a result Palzer has been
forced to loaf nearly four months,
and he is not the sort that thrives on
idleness. To get the big husky in
condition to give a good account of
himself calls for lots of hard work.
And the best kind of work for that
type is actual ring experience. Be-
fore Palzer and O'Rourke had their
disagreement last spring the big fel-
low looked like a "comer". Then
came the temporary split which re-
sulted in a long spell of enforced in-
idleness, so that when a truce was
patched up, and the McCarty battle
arranged, little time was left for train-
ing purposes. It is at least not suffi-
cient to enable Palzer to get back in-
to the form he had shown during the
earlier part of his career.

Palzer's return should stir things
up around here. He is not afraid to
fight any one at any time. In that
Al differs from the majority of the
"hopes". He may not be the best
of the lot, but he is the most willing
and, properly trained, I believe
would give a good account of him-
self with McCarty, Willard or Smith.

I see that Georges Carpentier, the
French boxer, called off his match
with Frank Klaus. From a sporting
standpoint it is just as well. Klaus
had once demonstrated superiority
over the youthful Frenchman, and
would undoubtedly have repeated.
While it knocks the Pittsburgh boxer
out of a chance to gather a nice purse
American fight followers are glad
that Frank is "in our midst" once
more. His presence is absolutely es-
sential to the settlement of the mid-
dle-weight championship. A match
between McGorty and Klaus will
about determine the matter to the
satisfaction of the fans.

CHICAGO U TEAM SWAMPS NORTHWESTERN

Baumgartner Pitched Excellent
Game, Striking Out Six and Issu-
ing no Passes.

Evansville, April 19.—The Univer-
sity of Chicago baseball team today
defeated the Northwestern univer-
sity 13 to 1. The cold hampered
the players and each team made
eight errors.

"Lefty" Baumgartner had the
Northwestern men at his mercy at
all stages. He struck out six of the
men and did not give a base on balls.
Northwestern's score was made on
an error.

Score by Innings: R. H. E.
Chicago . . . 401 221 021—13 15 8
Northwestern . . . 000 000 010—1 8 8
Batteries—Baumgartner and
Mann; Lamke, Frankel, Kehlise and
McCoss.

WALTER JOHNSON INVINCIBLE

Senators Made It Three Straight
From the Highlanders by Win-
ning Third Game 3 to 0.

New York, April 19.—Washington
made it three straight over New
York here today. Walter Johnson
shutting out the New Yorks by a
score of 3 to 0.

Johnson was invincible and only
one of Chance's men reached second
base.

Score by Innings: R. H. E.
Washington . . . 001 200 000—3 9 0
New York . . . 000 000 000—0 6 3
Batteries—Johnson and Alm-
smith; Keating, Schulz and Sweeney.

BROWNS BLANKED BY TIGERS

Tigers Administer Shut Out to St.
Louis—Three Runs in Eighth
Clutch Game.

Detroit, Mich., April 19.—St.
Louis was shut out today by Detroit.
The Michigan men gathered in
eleven hits, netting them four runs.

Score by Innings: R. H. E.
St. Louis . . . 000 000 000—0 3 3
Detroit . . . 000 001 033—4 11 1
Batteries—Allison and Agnew,
Alexander; Dubuc and McKee.

Mr. Hugh Jennings has evidently
desisted from his grass pulling stunt
long enough to lead the riot act to
his fast slipping Tigers. They have
began to play ball lately. It was
high time.

BROOKLYN SHUTOUT AGAIN FOR THIRD TIME IN SUCCESSION

Have Not Yet Scored a Run in Their
New Million Dollar Home, Eb-
bets' Field.

Brooklyn, April 19.—Although
they have played three champion-
ship games at their new million
dollar home, Ebbets' field, the
Brooklynns have yet to score a run
there. They were shut out today for
the third time in succession by
Philadelphia and again by a 1 to 0
tally. Score:
Philadelphia . . . 000 000 001—1 6 4
Brooklyn . . . 000 000 000—0 5 1
Batteries—Brennan and Doolin;
Ragan and Miller.

CARLSON WINS LONG DISTANCE CLASSIC IN FAST TIME AT BOSTON

Young Swede of Minneapolis Cover-
ed the Twenty-five Miles in Two
Hours, 25 Minutes and 14 4-5
Seconds.

Boston, April 19.—Marathon
laurels were gathered today by Fritz
Carlson, a young Swedish athlete
of Minneapolis, who captured the
seventeenth renewal of the Ameri-
can long distance classic in fast but
not record breaking time. The
Minnesota covered the 25 miles of
rolling road way in two hours 25
minutes, 14 4-5 seconds, which is
three minutes and 56 3-5 seconds
slower than the record established
last year by Mike Ryan of New
York. Andrew Sokalexis the Old
Town, Maine, Indian, was second by
exactly two minutes and Harry J.
Smith of the Bronx Church House,
N. Y., who set the pace for three-
quarters of the distance during
which he made new times at several
checking points, was a good third.
Carlson's time has been beaten
only three times in the sixteen
previous races. This was his sec-
ond Boston marathon attempt. Last
year he finished fifth.

There were sixty starters in to-
day's event, and it is estimated that
more than 200,000 persons saw the
race.

BRADLEY ACADEMY WINS TRACK MEET

Peoria, Ill., April 19.—Bradley
academy won the ninth annual cen-
tral Illinois inter-scholastic track
and field meet by a score of 22.
Peoria and Eureka tied for second
place with a score of 15 each. Sev-
eral records were broken.

ON THE SIDE LINES.

Milan, the Washington Star who
was a sensation as a base stealer
last season, says that he is going
to cut out the sensational this year
and work for the team instead of
personal glory. Which means that
the Senators will win many more
games this year than last.

Heine Pietz, who once wore a
Jacksonville uniform, has come
back from the grave. He is coach
of the St. Louis team and was
shooed from the box and the
grounds by Umpire Brennan for
telling that official what he
thought of him. About the only
way in which Heine can get into the
news columns these days and in a
rather unfavorable light.

Chance is said to be willing to
meet Cobb's terms. Nevin will let
him negotiate with the Georgian.
Better leave well enough alone.
Hal Chase wouldn't hitch very well
with Ty and the latter's "artistic
temperament" has got to be recog-
nized or there will be trouble. Prima
donnas are not in it with your base
ball stars.

The Cubs had their regular line
up in the game yesterday for the
first time this season and not the re-
sult. It must have inspired Ritchie
to his best efforts.

Schulte didn't quite make homer
number two. A three bagger was
the best he could get.

Greek meets Greek this after-
noon in Cincinnati. Evers and Tin-
ker are to meet as rival managers.
His sound to be a great scrap and
should establish a record for at-
tendance in Cin. These two have
been telling what they would do to
each other the first time their teams
met. We'll see what we shall see.

No wonder the Cubs won. Seven
bases on balls mixed with seven
hits reads like the score in a bush
league game. The Cards must have
been at their very worst.

Grover Cleveland Hartley, once
with Decatur in the Northern league
got into the Giants line up for the
first time this season. It looks as if
McGraw regarded the game as only
a practice romp and gave the subs
a chance to earn their salaries.
Hartley is a valuable catcher and
should be the Giants regular man in
a season more or two.

The Giants had an easy time of
it taking those two from the Beas.
The morning and afternoon games
are accounted for by the fact that
yesterday was Patriots day in the
Hub. That's something like our 4th
of July without the fireworks. The
Giants supplied what was lacking in
that respect for the celebration.

Brooklyn is the champion hard
luck team of the universe. They
lose more games by one run than all
the rest of the clubs combined. A
portion of that million should have
been invested in a ball player or
two. They should have a team to
stack up alongside their magnificent
stands. Maybe they'll get it in time.
It took Washington thirty years to
get out of the second division.

At the beginning of the season
Pittsburgh scribbles predicted that
young Booe would be the sensation
of the season. He has made a start.
Hope it is not simply a flash in the
pan.

With a team like the Giants be-
hind him young Mr. Ragan of
Brooklyn would come pretty near to
being the league's best pitcher. As
it is he has handed out some
mighty classy stuff thus far and
should be rewarded with better
luck.

Napoleon Lajoie is still able to
land. Second basemen come and go
but the king of them all still shows
that he doesn't have to abdicate yet
awhile. Sounds like the old days to
read of his starting a lightning
double play. That was his strong
suit when he first broke into the
game, we forget how many years
ago.

The Sox-Cleveland result should
convince Callahan that Bill Lange's
score arm is no better this year than
it has been for two seasons past. It
is well that this fact has been dem-
onstrated this early in the season.
Guess Cal could use a certain
Aborigine named Jimmy Johnson
about this time.

Lord had a great day at the bat
with four hits out of five times up.
But what does all that amount to
if your team don't win?

Cleveland is going nicely and to-
day should make it interesting for
Walsh, who will probably officiate
for the Sox. Who Birmingham will
call upon is the question. The
crowd should exceed that of the
opening day. By the way, that
opener was the first Mrs. C. A.
Comiskey has missed in nearly
twenty-eight years. She was con-
fined in a hospital with a minor ail-
ment. A telephone at her bedside
from Commy's box enabled her to
follow the game play by play. That's
Charles A. Comiskey. He's as good
and thoughtful a husband as he is a
magnate.

No games in the east scheduled
for today. The western teams will
have the spot light all to them-
selves.

The St. Louis papers are roasting
Evers. They said he quit cold when
the Cards got the jump on the Cubs
in Friday's game

Why Stand for Such Agony?

It is Entirely Unnecessary that Anyone Suffer with Boils, Carbuncles, Abscesses and Other Eruptive Sores.

Every spring a host of people are the picture of woe; they suffer the intense agony of carbuncles, boils, erysipelas and other extremely painful and often dangerous abscesses. All they require is to

Get Your Blood Purified With S.S.S. and You Won't be Tortured Like This. get the stagnation out of their blood with S.S.S.

This wonderful remedy works on the principle of stimulating cell growth, of

enabling the blood to quickly infuse new life into the tissues, to stop decay, to prevent the formation of those accumulations of broken down cells that rapidly multiply into the form of carbuncles and other eruptions.

Science cannot explain just why certain elements in the blood feed the bones, others nourish the hair roots, and so on. And it is this same mysterious action of S.S.S. that attacks all diseased spots, drives away all germs, heals all sores and suppresses the activity of disease germs with the powerful healing action of leucocytes. Remarkable testimonials have been written that prove beyond question there is no blood disease but what can be cured by S.S.S. And in all those cases that were treated with mercury, iodides, arsenic, copper and other minerals with no permanent effect, the most astonishing recoveries have been made by S.S.S.

There is not a blood taint of any nature that can remain in a system fortified by this most wonderful remedy, for it is absolutely pure and contains only those elements that the blood naturally assimilates, and which the tissues gratefully accept. It agrees with the most delicate stomach, even in those cases where the use of strong drugs has so weakened the digestive system that medicine cannot be given. Get a \$1.00 bottle of S.S.S. at any drug store and thus be assured of a complete cure of any eruptive blood disease. If your case is peculiar and you desire special advice write to The Swift Specific Co., Medical Dept., 127 Swift Bldg., Atlanta, Ga.

GRAND OPENING

of the
JEFFERSON BILLIARD PARLORS

222 West State Street.

THURSDAY AFTERNOON, APRIL 17th

Friday evening, Mr. C. C. Peterson, of St. Louis, the world's champion fancy billiardist, will give an exhibition of fancy shots.

Talk it Over

with us if you are contemplating making a loan to meet your obligations. You can get all the money you need from us on an hour's notice and you can pay us back a little each week or month as you can spare it out of what you save by paying cash for your supplies.

Make us prove what we say. Come and see how easy it is, and how little it costs. We write Fire Insurance.

CHRISTIAN WORK WIDELY NOTICEABLE

TOURIST WRITES OF CONDITIONS
AMONG JAPANESE.

Country Has Now More Than 76,000
Professing Christianity—Two
Hundred Congregations Are Self-
Supporting—Visits in Tokio.

Saturday, March 8th.
This morning we visited another museum containing the main things made in this country and what are brought in from other lands. We saw some very beautiful things: carved chairs, lovely dresses or kimono, pictures, carving in ivory, tools, guns and in fact everything that the country makes or buys from other lands. It was a great sight. We took dinner of fish at a native restaurant and it was fine. It tasted like fried oysters. In the afternoon we went to a church where they were having a Methodist conference, but it was all in Japanese and we couldn't understand any of it, so did not stay very long. We got a lunch and bring it to our rooms for evening and have lots of fun fixing the tables.

We left Mr. Ewert in the church and went about the city a little more and while he was leaving he was accosted by the pastor of the church and soon the two were well acquainted and the resident brother insisted on a sermon from Mr. Ewert, as Sunday afternoon there was a service in English for the people attending the conference and for the residents of the city. Mr. Ewert was complimented with a fine congregation and did himself great credit, winning a number of fine compliments by his effort, though it was a trifle embarrassing to him before such veterans as sat in the audience.

Before church we attended the Sunday school for the benefit of the children of missionaries and others of Caucasian blood residing in the city. There was a good attendance and the children were all bright and interesting. Both Mrs. Ewert and I were pressed into service as teachers a class of bright little boys and one little girl being assigned to me. They were all quick and intelligent and though young, had mostly been taught at home and knew something of the lesson.

I have been making a little study of Christianity in this wonderful land and find that the good people of the world have not been idle, as the heaven has been working and is felt in all circles, from the highest to the lowest, and while many thousands make no profession at all, nevertheless the influence of the gospel of the Savior of mankind is felt everywhere in the country.

The professing Christians now number more than 76,000, with many more allied with them by conviction if not profession. There are more than 500, regularly ordained ministers and more than 300 students are preparing for the ministry. There are nearly 200 congregations wholly independent, paying the salaries of pastors and all other expenses and contributing to religious enterprises. Then over 500 congregations are partly self supporting and nearly a thousand more religious societies which have not regularly organized as churches. There are almost 1,200 Sunday schools, with some 50,000 teachers and pupils and the total contributions of the churches last year were \$130,000. This is certainly an admirable showing and goes to prove that Christianity means something, for with churches, schools are connected, better household conditions are brought about, improved methods, everything as a result for the heaven means here as elsewhere, that "Godliness is profitable unto all things as having the promise of the life that now is" as well as that which is to come.

Another pleasing fact I learned and that is that Japanese Methodism is now an assured fact and is standing wholly on its own foundation as far as organization is concerned and is independent in government of the parent church in America, having its own native bishop and complete organization in other things.

Of course, the work is not wholly self supporting and contributions made by Christians in other lands are good investments. Last year foreigners contributed to the work in Yokohama and Tokyo \$69,776. In these cities are 91 organized churches, 88 chapels, six boys' boarding schools, fourteen girls' boarding schools, 18 day schools, a kindergarten, a Bible training school and Technical school, a Y. M. C. A., a Y. W. C. A., a W. C. T. U., a Salvation Army and other independent moral organizations, all working together for the one great object. Then there are hospitals, orphanages, rescue and leper homes, Bible and tract societies, temperance societies providing for the unfortunate and carrying on reform work and stimulating similar organizations among those who do not profess Christianity. In short, the work of foreign missions is for the uplifting and betterment of the people in all things.

There are in the city and connected with the conference some men who are real giants in the spiritual world and who would have made a great mark had they turned their attention to business in early life instead of the welfare of their less favored fellowmen.

One of these is Bishop M. C. Harris, whose fine administrative ability and lovely Christian character have enabled him to accomplish wonders here. He has spent the greater part of his life in this country, speaks the language like a native and has devoted himself to the welfare of Christianity in Japan. He has been about the union of the churches into one organization and has seen them united under a native bishop and now in his old age he can look back on a life spent suc-

cessfully in doing good. He has been twice decorated by the emperor as he is a man of no ordinary ability. A man, of fragrant memory is Bishop Honda, the first native bishop of the church here. He died last year beloved by all who knew him. His successor who now occupies the position is Bishop Hara, a native pastor, who has earned his fine promotion by zeal, industry and fine ability. He is finely educated, having studied in Toronto, Canada, and is a successful parliamentarian. He is doing an excellent work. At first there were three Methodist churches doing missionary work in Japan, the M. E. church, the M. E. North and the Canadian M. E. church. It is these which Bishop Harris induced to unite and work together as Japanese Methodists with their own bishop and presiding elders.

Another fine man is Rev. Benjamin Chappell, D. D., who came here from the Canadian Methodist church 24 years ago, not to stay but to look over the land. There was work for him to do in the school for boys and he remained and has a fine record. He married a lovely lady engaged in mission work and last summer she preceded him to the better land. He was dean of the school of which I shall speak later and has a great work and signal victory. For a series of ten years the government was opposed to the school and it went down badly, but he triumphed and it is in fine condition. He has given over the arduous work of the school to younger hands and does such teaching as he chooses and is beloved by many whom he has aided to a noble and useful life. He is also pastor of the Union church and is a fine minister and speaker. He has three children, the youngest of whom is dear little Gene, whom we had the pleasure of seeing.

There are in the church two conferences, having in all about a hundred ministers and among them too are some fine characters. About twenty of them have studied in the states and of these several have graduated from reputable colleges and are now adding their fellow countrymen to a better life.

There are yet many foreign missionaries here and all belonging to the Methodist church, work in full fellowship with the native organization and as they establish a society which can be organized they turn it over to the native conference. There is no friction between foreign and native workers here as in some other fields. The native Japanese Methodist church yet gets some help from the states, but the grant decreases each year.

It was my pleasure to meet several times two other fine young men who are working here and making their mark. They are sons of Rev. F. C. Iglehart, now superintendent of the anti-saloon work in New York. He was once, some years ago, pastor at a while in Bloomington, Ill. Rev. E. T. Iglehart came here in 1904 and for five years was connected with the boys' school, two years was in-land states evangelist, and for the past year has been in charge of the Methodist Publishing house. He has a wife and four interesting children, but poor health has compelled him to ask for a furlough for a year that he may take his family to the states and recuperate. His brother, Rev. C. W. Iglehart, came here in 1909, and until recently served as evangelist for the country north of Tokyo, which work he loved, but had to give up and come. They are the place of his brother as manager of the publishing house.

Many other men could be mentioned and it would be a pleasure to give the biographies of some of the native ministers who have worked their way up in the world, but is impracticable.

We spent a delightful forenoon visiting the schools carried on by the workers here. The first was the Aoyama Gakuin or boys' school, of which Dr. Chappell, already mentioned, was so long the dean. The school compound has a tract of thirty-five acres, the gift of John F. Glueher of Baltimore, Maryland, who bought the land about thirty years ago for \$5,000. It was then uncultivated and given up to farming and away outside the city limits. The city has grown to it and Dr. Chappell told me that today it would easily sell for half a million. Who would have thought of such increase in this ancient city? The compound is located in one of the most desirable parts of the city, high and rolling and commanding a good view, which is a rarity here.

There are three departments in the school; the academy with a course of five years, the college with a course of three years and the theological department with two courses, the English of five years and the native of three years. There are in the three divisions something like five hundred boys and young men and all are doing good work. They are required to bring a certificate that they have spent six years in the public schools of the city before they can enter. While the school is not distinctly a religious work, the Bible is studied as a regular branch and examinations are required in it at the same time as in any other. While not all the students become Christians, many of them do and all leave with an exalted idea of that belief. It is also a gratifying fact that the graduates of the school have in most cases done it credit and have become useful citizens. There are at present about four hundred boys in the academy, one hundred in the college and twenty-five in the theological department.

We had the pleasure one morning of attending the opening exercises and looking the young men and boys in the face. Mr. Ewert read the Bible and offered prayer and I was called on to make a brief address, which was afterward translated by one of the teachers who had studied in the states. He waited till I had finished and then repeated the whole thing in the Japanese language and a gentleman who sat by me said it was well indeed and I noticed it took nearly twice as long for him to translate as it took me to speak at first and then I realized that I do talk rather fast, but on the

other hand my speech was to one man only.

They have a dormitory in connection with the school and about forty-five boys are having quarters there, but as most of them are working their way through school, they sleep farther down in the city, where they can get something to do. The matron told us that three dollars a month was a boy's allowance for eating, which is surely small. From this school have gone hundreds of young men to useful lives in many different walks and stations and the great good accomplished can hardly be estimated. All honor to the brave men and women who are giving their lives to the work.

Near the school just described is the Harrison Memorial home, a school for girls. This is under the auspices of the Woman's board and Miss M. H. Russell is at the head of it. There are in it about 350 girls and they too must bring a diploma showing they have spent six years in public schools. The school was intensely interesting. There is here a dormitory and boarding department for the girls, and all is well conducted. There are pigeon holes at the entrance for the reception of the girls' shoes and another set for the shoes they wear in the house. In the dormitory each room has in it from three to five girls and their furniture is of the simplest. Their beds are rolled up and stowed away during the day and their desks or tables for study have before them little cushions on which the girls sit. Each girl brings what she uses and it is but little.

The girls are taught useful branches and the school is about equal to our high school in its courses and curriculum. The girls all looked neat and tidy and greeted us with pleasant smiles and profound bows. Discipline seems to be an easy matter in Japan. Bishop Harris says in the homes the children are seldom punished, but are brought up in an atmosphere foreign to any such thing and good nature seems to prevail on every hand.

Adjacent to the girls' school is another, the industrial, taught or managed by Miss Blackstock of Minnesota. Here the girls are taught useful household domestic science, which they will find practical every day and at the same time is added embroidery, which is simply superb. I wish I had had a few hundred dollars to invest in the product, for it is simply a marvel of beauty and elegance, good taste and skill. They use choice silk for it all and many a piece looks like an exquisite painting so admirably is it done.

One strange feature of this school, which is demanded by the wishes of the patrons, is the room in which ancient etiquette is taught. In olden times, when the wealthy had few books and little to occupy their time, they used to have especial teas, at which the guests would sit three hours and observe the most scrupulous rules of etiquette, the exact manner in which a cup should be held, the proper amount of tea and water to use, the suitable position at the table and a thousand and one other things in order to kill time, and the rules of these affairs were very complicated and hard to learn and were taught as dancing is in our land.

Strange to say, the daughters of the wealthier and more aristocratic patronize the industrial school and the poorer families send their daughters to the other and that accounts for the wish and department to which I have referred, though only a few take that course, which is taught by an old gentleman especially employed. The great field general, Oyama, lived not far from the school and his daughters were sent there.

Before leaving the compound I was shown a room in which Dr. D. C. Green, the oldest missionary living in the country, is at work with assistants making a translation of the Bible. He is a grand old man, full of vigor and enthusiasm, and I felt it a special honor to shake his hand. He knew Dr. Sturtevant and many eminent men in our land, though most of his life has been spent in Japan.

S. W. Nichols.

QUICK RELIEF FOR RHEUMATISM.

George W. Koon, Lawton, Mich., says: "Dr. Detchon's Relief for Rheumatism has given my wife wonderful benefit for rheumatism. She could not lift hand or foot, had to be lifted for two months. She began to use of the remedy and improved rapidly. On Monday she could not move and on Wednesday she got up, dressed herself and walked out for breakfast." Sold by L. P. Alcott, druggist.

William Frost of Lynville was a business caller in the city yesterday.

ILLINOIS TRACTION SYSTEM MAY HAVE BOUGHT C. P. & ST. L.

Such is a Rumor From Springfield—Story is That New Owners Would Sell Trackage Here to the Burlington.

The latest story in connection with the closing down of the C. P. & St. L. shops is that all work has been suspended pending the transfer of the property to the Illinois Traction System. The story comes from Springfield and is to the effect that the Illinois traction or McKinley interests will take over the entire C. P. & St. L. lines and operate them as an interurban electric system. It is said that so far as the division between Jacksonville and Havana is concerned that the new owners propose to sell to the Burlington that portion of the trackage between East State street and Independence avenue, in order to complete the Burlington's holdings and to make it possible for that road to speedily take advantage of the double track it now owns on both sides of Jacksonville. Under this arrangement the traction company could build a spur or outlying track from Independence avenue to a point east of the city and connect up with the present line extending beyond Johnson street. Or the traction could connect with the Walnut street line which now runs to a point within a few hundred feet of the C. P. & St. L. shops.

WILL ADDRESS WOMEN TODAY.

A lecture will be given by Mrs. May Walden of Chicago at Socialist hall this afternoon at 2:30 o'clock. The lecture is especially for women and a cordial invitation is extended to all women of Jacksonville to be present. The lecture will be free. No admission. Mrs. Walden is state correspondent of the national committee of the Socialist party and a very intelligent and able lecturer and writer and she is coming to enlist the sympathy and attention of the women of Jacksonville in their responsibility to this movement. Men are also invited to be present.

WEAK STOMACHS MADE STRONG IN ONE WEEK

If your stomach is so weak that food won't stay down or fermentation takes place, causing gas, heaviness, and general misery, you need M-I-O-N-A Stomach Tablets and the sooner you get them the better for you.

Cover & Shreve knows what one sooner you get them the better for you.

Don't be timid about trying this great Stomach prescription. It has cured thousands of cases of chronic indigestion, gastritis, dyspepsia and catarrh of the stomach. There is no reason on earth why M-I-O-N-A Stomach Tablets won't make you healthy and happy.

The public is cordially invited to attend the services and visit the reading room.

PRINTING EXHIBITION OPENS.

New York, April 19.—The Grand Central Palace never housed a more interesting and instructive exhibition than the National Printing and Advertising show, which was opened there today and will be continued through the coming week. The history and development of the art of printing from the earliest times to the present day are illustrated. Gutenberg's printing shop is shown

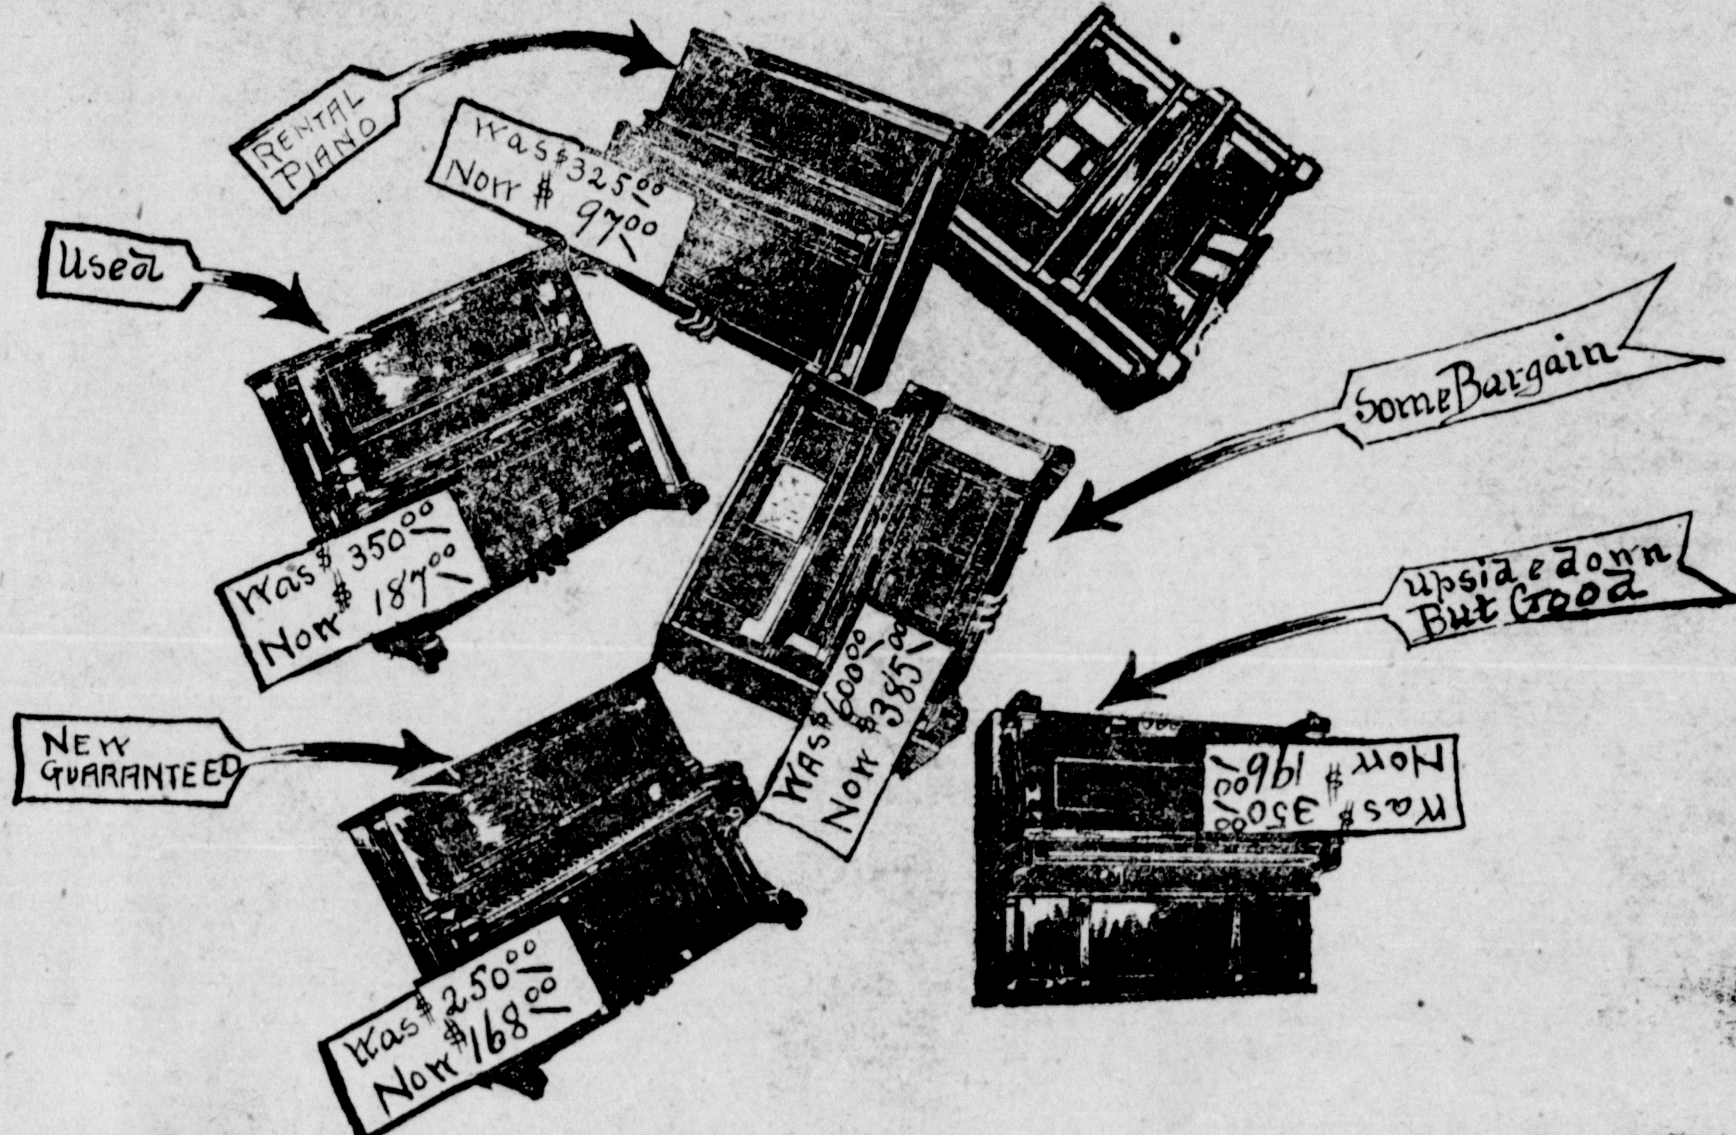

in replica next to the most modern type of printing plant. Advertising men, press builders, ink manufacturers, publishers and color experts—all are represented. Europe has contributed to the show an elaborate display of Cubist and Futurist posters and advertising.

STATE BOARD MEETING.

J. F. Shreve arrived at home Friday night from Chicago where he

was attending a meeting of the state board of pharmacy, of which he has been a member for the past twelve years. He stated the class examined for certificates as registered pharmacists was 85, and for certificates as assistant pharmacists was 75. The papers submitted were for a high order some of them, being excellent. The examination of the papers submitted has not as yet been completed.

of the Manualo is in its life—it is not a cold machine, but more like a living being, radiating living music, answering instantly to every demand of the pianist.

Its charm is further in its unsurpassed features for musical expression and control, its musical effects of soft and loud contrasts, and of accents never before dreamed of in other player pianos.

Its charm is in its wearing qualities, in the absolute compactness, the tested durability of all working parts.

Its charm is in its ease of playing. Playing the Manualo is a pleasure, not a physical effort. The whole attention of the pianist is on the music, to feel it, and to enjoy its rendition.

The Manualo is found exclusively in the pianos made by The Baldwin Company: The Baldwin Manualo, The Ellington Manualo, The Hamilton Manualo, The Howard Manualo.

WOMAN'S COLLEGE NOTES.

Mrs. Hartmann, Mrs. Colean and Misses Grace Cowgill and Mary Anderson attended the grand opera in St. Louis the last of the week.

Monday the Belles Lettres gave their play most successfully. There was a splendid audience present and a very substantial sum was realized as a result of the effort.

Thursday night occurred a public recital by some of the students in the College of Music. A number of the selections given are worthy of special notice, but space does not permit. The Glee club is making good progress under the leadership of Director Swarthout.

Miss Amanda Kidder of the expression department went to St. Louis Friday to give several readings.

Good progress is being made on the May Day preparations.

Outdoor events continue to attract a great deal of attention from the students as well as the faculty. A back stop has been built for the tennis courts, which will be of material assistance in the tournament which will take place in May. In this connection the faculty unanimously voted to present to the winner of the tennis tournament a beautiful silver cup. A committee from the faculty will make the necessary rules regarding the awarding of the cup. The Athletic association has ordered an archery outfit, which will add zest to the outdoor exercise. There is keen competition among the hike teams to see which one will cover the greatest amount of mileage.

Miss Mary Louise Dickey has just been notified of her appointment as a teacher of domestic art in one of the state agricultural schools in Alabama. The school is located at Evergreen and is an excellent position for Miss Dickey.

The essay contest which was held Friday night was an unqualified success in every way. Much merriment was caused by the different songs which the supporters of the Sophomores and of the Juniors used. The different classes were about equally divided in their support. Miss Geneva Upp, the winner of the first prize, is a Jacksonville girl and has worked hard to secure the honor which came to her. She is also president of the Theta Sigma Literary society. This is one of the new societies formed this year. Miss Hess, who won the second prize, is a California girl and has been very active in the Phi Nu society, and is president of the Athletic association.

Next Monday evening will occur the first open meeting of the Theta Sigma society. All interested in the growth of these organizations and of the college are cordially invited to be present and to encourage the young women in the first effort along this line.

KING CHARLES' DOUBLE ANNIVERSARY.

Bucharest, April 19.—Tomorrow will be the twentieth day of April, a day to be celebrated throughout Roumania because it marks the recurrence of a double anniversary of the utmost importance. On April 20, 1839, King Charles I., the beloved ruler of this country, was born and on April 20, 1866, he was elected Prince of Roumania by the Roumanian assembly. It was indeed a fortunate day for the Roumanians when they called the son of the late Prince Charles of Hohenzollern-Sigmaringen, of the minor, non-reigning branch of the Hohenzollern family, to the throne. It was he who made the country what it is today, independent, strong, prosperous and respected among the powers of the world.

Roumania was originally formed by the union of the Danube principalities, Wallachia and Moldavia, on December 23, 1861. The first ruler of the new principality was Colonel Cuza, who assumed the government under the name of Alexander John I. Constant discords and jealousies endangered the permanency of the country from the very beginning and when a revolution broke out in February, 1866, which forced Alexander John from the throne, the future of Roumania looked indeed dark. Upon the suggestion of Napoleon III, the throne was offered to Prince Charles, who was then holding a commission as lieutenant in the Prussian army. Prince Bismarck favored the choice and secretly supported it, refraining, however, from doing so openly owing to the already strained relations between Prussia and Austria, which soon thereafter led to the war of 1866. Austria was opposed to the choice and would have gone to the extreme of arresting the young prince on his way to Roumania, had he not outwitted the Austrian government by passing through Austria in disguise. He entered Bucharest, received by the people with enthusiasm May 22, 1866, and was acclaimed Prince of Roumania.

NOTICE OF FINAL SETTLEMENT.

In the Matter of the Estate of Lottie S. Guthrie, deceased.
Notice is hereby given that I, the undersigned, executor of the last will and testament of Lottie S. Guthrie, deceased, have caused my final report and account as such executor to be placed on file in the office of the clerk of the county court of Morgan county and that I shall apply to said court on Monday, the 5th day of May, A. D. 1913, at 9 o'clock a. m. of that day, or as soon thereafter as I can be heard, for an order of approval of said report and account, and for my final discharge, at which time and place all persons interested can appear and show cause, if any they have, why such order and discharge should not be granted.

George C. Guthrie,
Executor.

BILLY SUNDAY SICK.

Word comes from Winona Lake, Indiana, that Billy Sunday, the evangelist, is at his summer home there suffering from a nervous breakdown. The date of the opening of the South Bend meeting has been delayed till April 27.

CONSERVATORY NOTES.

The recital of song given by Mr. and Mrs. Ridgely Hudson of Springfield on Friday evening was an artistic success. The audience, which nearly filled Recital hall, was most enthusiastic, demanding many encores. An impromptu reception was held after the concert, Mr. and Mrs. Hudson as well as Mrs. Tiffany, their accompanist, having many friends in Jacksonville.

The following notice appeared in the Springfield Evening News of Friday, April 11th:

"The most brilliant musical event of the season was the piano recital given by Edmund Munger yesterday afternoon at the Sacred Heart academy. There was an unusually appreciative audience. The clarity of his conception and the interpretation of the compositions presented were most pleasing and won for him the favor of the Springfield music lovers. The first group in the program, 'Fairy Tale Pictures,' by Erich Korngold, captivated his audience. His Chopin group gave an opportunity for display of his forceful and inspiring moods. The 'Alfred de Musset' by Godard in the third group characterized the author in subtle fashion and was a contrast to the closing number, 'En Route,' which exhibited further Mr. Munger's mastery of his art. For encores he responded with the 'Spinning Song' of Mendelssohn and an arrangement of his own from 'Faust.' He also gave two encores after the Chopin group."

Sallie Harton played a violin solo at the meeting of the D. A. R. at Mrs. James Strawn's on South East street, Tuesday afternoon, April 15. Mr. Kritch, Mr. Munger and Robbins Russell were in St. Louis Thursday and attended a performance of "The Jewels of the Madonna" at the Odeon.

GOVERNOR TO PASS PLUMS ON TUESDAY.

Springfield Register: Governor Dunne states that he will announce the next batch of appointments next Tuesday. The lucky man for state insurance commissioner will not be announced at that time, so it is stated, because of the bitter struggle for this plum. Judge Rufus N. Potts, Springfield; former State Senator Gibson, of Carthage, and Jacob J. Thompson, close friend of Governor Dunne in Chicago, are the three contenders.

The fight for places on the railroad and warehouse commission is equally bitter, and announcement of selections for these places will probably be long delayed. There is very determined opposition to William S. Cantrell of Benton, who is a candidate for chairmanship of the commission. The job has a \$6,000 salary attachment, hence the general watering of political mouths for that plum.

When United States Senator Lewis comes to the city next week for the Douglas memorial, he will probably talk federal patronage with Governor Dunne.

The large and enthusiastic delegation here to see Governor Dunne in the interest of O. W. Walker of Shelbyville for the office of commissioner of the Pontiac Reformatory has returned home. Mr. Walker is cashier of the Shelbyville State bank and is very popular in his home county. In the delegation which came to see the governor for him were Judge W. C. Kelly, Frank Stone, chairman of the Shelby county democratic committee; E. S. Storm of the Shelbyville Democrat; G. F. Miner; E. E. Heron, county clerk; City Treasurer William Klausner, F. R. Dove, W. H. Wittaker, W. L. Kelly, all of Shelbyville, and H. F. Moberly of Windsor.

BROOKLYN NOTES.

The singing and spelling contest drew a record audience, and was one of the most enjoyable programs Brooklyn has had for some time. J. Philip Reid, and Mrs. W. P. Duncan were accompanists, and their execution added largely to the musical part. The solo of Captain Wright was voted the best ever. The men's sextet and the ladies' quartet responded to encores and made great hits. Captain Reid, Mrs. W. R. Moody and L. H. Whitlock were the judges.

In the spelling contest Miss Faye Dresser lined up the ladies and J. H. Reid the men. Professor Staley gave out the words and Dr. George Stacey was the last man to stand. So the contest was evenly divided—the women winning the musical and the men the spelling honors. Ice cream was served and the merry makers tarried until a late hour.

Pastor Alkire was in White Hall visitor Thursday. He went to take charge of the library of the late Rev. J. N. Dewell, whose family were very desirous that Rev. Mr. Alkire have the entire library of about 300 volumes. He appreciates the gift, and is remembering the young ministerial brethren with volumes which they can use in their future work.

The boys' Hickory club met last night and had a fine workout. About 25 boys are in this and meet regularly for athletic and literary exercises.

A friend has bought material for vestments and Brooklyn is soon to have a boys' vested choir. They will make their first appearance in a few weeks.

"SLEEPY" TOM'S PREDICTION.
Bristol, Tenn., April 19.—Real terror prevails among the negroes and superstitious white of this vicinity because of the prediction of a disastrous cyclone, which a local "prophet" says will destroy the city tomorrow. "Sleepy" Tom Clark, a confederate veteran, has predicted storms and disasters with such success that there are many here who believe that he has supernatural powers. His title is due to his tendency to fall asleep while on duty in the army. In 1900 he predicted that the world would come to an end in 1915. He declares that this forecast still stands.

NEW LAKE FREIGHT LINE.

Buffalo, N. Y., April 19.—The Mutual Transit company of this city today put into operation a new lake freight line between Buffalo and Cleveland and three Canadian ports—Port William, Port Arthur and West Port William. The Mutual Transit company boats will connect at Port William with the Canadian Pacific railway, at Port Arthur with the Canadian Northern and at West Port William with the Grand Trunk Pacific railway.

Don't Abuse a Man Sick With the Liquor Disease!

Send Him to Us and We Will Cure Him!

The Keeley Institute, Dwight, Illinois.
Beautiful Location. Delightful Surroundings. Finest Accommodations.
Fireproof. Equipped With Every Modern Convenience for Comfort and Safety.

How the Keeley Treatment Cures

The Keeley remedies are reconstructive tonics which restore the nerve cells to a healthy condition. When this is done the "craving" disappears, because, like a cough, it is merely a symptom of a disease and not the disease itself. The treatment is absolutely non-injurious and causes no sickness. There is no confinement of patients. The general health improves from the first day.

Result of the Keeley Treatment

It frees the patients, absolutely, from all craving, appetite and necessity for alcoholic stimulants. The man is also vastly improved mentally, physically and morally. His head is clear, mind active, appetite and digestion good, eyes bright. His desire for drink is gone, he is disgusted with his former life, and filled with ambition to "make a fresh, clean start."

Write for Complete Information

Booklets and full information about the Keeley Institute and the Keeley Treatment sent sealed, under plain cover. All communications strictly confidential.

Yes! Cure him! In the last 32 years 400,000 men have been cured of the disease of drink by the Keeley Institute.

Drunkenness is a Disease

The man who drinks to excess is to be pitied and helped—not abused.

Abuse will not cure a man of typhoid fever, or smallpox, or brain fever. Neither will it cure him of the liquor habit, which is a disease of the nerve cells requiring special treatment.

Dr. Keeley's definition of drunkenness is now universally recognized as absolutely correct. He says:

"It is a condition wherein the nerve cells have become so accustomed to performing their duties and functions under the influence of alcohol that they will no longer perform those duties and functions properly and painlessly except when under its influence."

There is little or no hope that, unaided, an inebriate can or will stop drinking of his own accord or by the exercise of his own enfeebled will power.

We also cure Opium, Morphine and other drug additions. The drug is withdrawn gradually and there is no shock, collapse, prostration or sickness. Full particulars in plain, sealed envelope on request.

Home remedies are prepared and sold by us for the cure of the Tobacco Habit and many forms of nervous troubles. Send for printed matter today.

We have a Chicago office, Suite 906 Rector Building, 79 West Monroe Street, where arrangements may be made.

The Leslie E. Keeley Co., Dwight, Ill.

10 Cents Saves 10 Dollars Expense

Instead of repapering that room at a cost of about ten dollars use

FARM TOPICS.

New York, Ohio and Vermont lead in the production of maple sugar and syrup, each states' output being worth a trifle more than a million dollars. Pennsylvania, Michigan, Indiana, and New Hampshire follow in the order named.

At the agricultural short course in Madison, Wis., 150 young men were awarded certificates March 1. A total of 3,672 persons have been graduated from this short course and over 80 per cent of them are now located on Wisconsin farms. Some counties have over 100 graduates.

There are a good many silos in Illinois, and each year sees more of them going up right here in McLean county. An editorial in the great dairy paper published by the Governor's Board of Wisconsin says that more and more it is the judgment of experienced farmers that we have built our silos too large. The reason for the conclusion is that we do not have cattle enough to get down every day to the sweet silage that is below the surface by exposure to the air. Consequently we are constantly feeding partly decayed silage. With the ordinary silo 16 to 20 feet in diameter, one needs a feeding consumption of at least three or four inches a day. This can hardly be had without a herd at least fifty cows. Either the silo should be smaller or the herd larger, else the cows do not get the amount of good silage they should have. It is more economical in the long run to have more silos and smaller ones. If they are to be filled with the blower, adjustments are easily and quickly made.

It would be an eye opener to many a home maker if she could do a man's work long enough to enable her to appreciate, as he does, the restful, well kept home. Much of what she has been considering pure drudgery would have a new meaning and take on worth and dignity as a service to her husband and children. On the other hand, it would be equally well if the man could do the woman's work long enough to appreciate more than he does the monotony and tiresomeness of the daily recurring and never ending household duties. It would give him a better and clearer conception of the worth of the work she does gladly and uncomplainingly if there were but a bit of appreciation for it all.—Farmer's Guide.

The seventeenth Illinois congressional district is the richest farming section of the world, according to its representative, Louis FitzHenry, of Bloomington. In the Democratic caucus several members were bragging about the unparalleled agricultural prosperity of their respective districts, whereupon Mr. FitzHenry challenged them to match these figures:

	Value 1912.	1899
Land	\$384,325,609	228
Buildings	333,640,168	70
Implements and machinery	6,683,827	72
All farm property, including livestock	449,233,594	119
The value of all farm property in the district by counties in 1899 and in 1909 follows:		
Counties.	1899	
Ford	\$52,268,207	\$23,545,782
Livingston	121,558,684	55,655,333
Logan	69,724,818	31,639,852
McLean	147,846,611	67,432,807
Woodford	57,535,274	27,148,667

The figures were compiled by the agricultural department and comparison with the showing for other parts of the country bears out Mr. FitzHenry's claim.

RECEPTION OF MR. MCKINNEY.
The people of Aledo evidently have a great regard for their fellow congressman, ex-Congressman McKinney, who will soon return to his home there after somewhat extended period of service in congress. To show their esteem citizens have arranged for a home-coming reception to be given in Aledo next Tuesday night and invitations have been sent to men all over the state who are prominent in politics. Andrew Russell of this city is one among the number. Mr. McKinney was not a defeated candidate but sometime before the primaries were held announced his intentions of retiring from the post he had creditably filled.

FRAIL, SICKLY CHILD

Restored to Health by Vinol—A Letter to Mothers.

Anxious mothers often wonder why their children are so pale, thin and nervous and have so little appetite. For the benefit of such mothers in this vicinity we publish the following letter.

J. Edmund Miller, New Haven, Conn., says: "My little daughter ever since her birth had been frail and sickly, and was a constant source of worry. Several months ago we commenced to give her Vinol. I immediately noted an improvement in her health and appearance, and from the good it done her I can truly say it will do all you claim."

This child's recovery was due to the combined action of the medicinal elements extracted from cod livers—combined with the blood-making and strength creating properties of tonic iron, which are contained in Vinol.

Vinol will build up and strengthen delicate children, old people, and the weak, run-down and debilitated. We return the money in every case where it fails. Lee P. Allcott, Druggist, Jacksonville, Ill.

P. S. Ezema Sufferers! We guarantee our new skin remedy, Saxo.

NEWS FORECAST FOR THE COMING WEEK.

Washington, April 19.—The largest vessel in the world, the Cunard liner Aquitania, will be launched Monday at Clydebank, Scotland. The great ship will be of 50,000 tons displacement and is to cost \$10,000,000. She will be placed in service between Liverpool and New York about the beginning of next year.

Other interesting events of the week abroad will be the opening of the grand opera season in London, the International Eucharistic congress at Malta, and the opening of the Ghent exhibition in Belgium. The last named event is of international interest, since several foreign countries are represented, including the United States.

A conference committee with authority to speak for the 52 railroads east of Chicago and north of the Ohio river will meet with the heads of the Order of Railway Conductors and Brotherhood of Railway Trainmen in New York on Tuesday to settle wage demands. These demands were presented last January. They are said to be for standard wage rates for men performing the same service on roads of similar grade, and to include a demand for a 15 per cent. increase.

After six years of service as British ambassador at Washington, James Bryce will say good bye to the capital on Friday and set forth for the orient by way of New York and San Francisco. Friday evening the Pilgrims of the United States will give a banquet in his honor at the Waldorf-Astoria in New York.

The American commission for the study of European co-operation, composed of delegates from the states of the United States and the provinces of Canada, will leave New York Saturday for a 90 days' tour. The itinerary includes Italy, Germany, Austria, Hungary, Switzerland, France, Belgium, Holland, Denmark, Sweden, Russia, the Balkan states, England and Ireland.

Allice Cornelia Thaw of Pittsburgh, known as Mrs. Copley Thaw, said her divorce from the Earl of Yarmouth in 1908, will be married to Geoffrey G. Whitney of Boston at Cumberland Island, Ga., on Tuesday. Another interesting wedding of the week will be that of Miss Alys Appleton Meyer, younger daughter of the former secretary of the navy, and Mrs. George L. von Meyer, and Lieut. Raymond Rodgers, U. S. N., which will take place Friday in Washington.

The Panama canal tolls controversy will form the leading subject of discussion at the seventh annual meeting of the American Society of International Law, which will assemble in Washington Thursday for a three days' session.

Other meetings of the week will include those of the national council of General Federation of Women's clubs, in Washington; the National Federation of Musical clubs, in Chicago; the Southern Sociological congress, in Atlanta; the National Association for the Advancement of Colored People, in Philadelphia, and the National Association of Cotton Manufacturers, in Boston.

I had been a great sufferer for years from catarrh, bothered with headaches, eyes hurting me terribly, head stopping up, dizziness, and all the other bad things that go with catarrh. I have taken a course of treatment from Dr. C. W. Carson, the Chicago Specialist, and can say I never felt better in my life. Will be glad to answer any inquiries in regard to what he has done for me.
J. A. Wilson,
Roodhouse, Ill.

FINDS CURE FOR CATARACT.

Chicago, Ill., April 19.—Optical and surgical men in Chicago today were startled by the announcement that a positive cure for cataract of the eye had been discovered.

The announcement was made in the offices of Arthur P. McDougall an optician, by Dr. Herbert Dickson an Englishman, who has been engaged in cataract research work for twelve years. Dr. Dickson was formerly on the staff of the Royal Ear and Eye hospital, London, and was sent to the natives of British East Africa by the English government.

The cure, as announced by Dr. Dickson, is affected by applying to the body a high frequency electric current of 30,000 volts.

"Cataract is caused by the gathering of water in the layers of the lens of the eye," said Dr. Dickson. "The electrical treatment absorbs this water."

LAST RACE MEET IN IDAHO.

Coeur d'Alene, Ida., April 19.—The race meeting of the Coeur d'Alene Fair and Racing association opened at the Alan track today and will run continuously for 61 days. It will be the last meet at his track, as the recent Idaho legislature passed a stringent anti-betting law which will make future race meetings in this state out of the question. To all appearances, however, this fact has not lessened the interest of the turf followers in the present meeting. Nearly 1,000 horses are quartered at the track and many of the foremost turfmen of the west are on hand. About \$200,000 in stakes and purses will be distributed during the meeting.

NATIONAL REVOLVER SHOOT.

Dallas, Texas, April 19.—Crack shots from many parts of the country were assembled here today at the opening of the annual indoor championship shoot of the United States Revolver association. Texas claims to have the best revolver shots in the country and hopes to carry off a majority of the prizes. Many of the contestants from the north and east are office men, who declare they can excel the plainsmen and cow-punchers as marksmen. There is much good natured rivalry among the various factions and all are on their mettle. Some excellent scores are expected before the close of the tournament on April 27.

ILLINOIS COLLEGE NOTES.

The College Dramatic Club had a full rehearsal of "Much Ado About Nothing" on Saturday morning. It is probable that the date for the presentation of the play will be announced within a few days. The play will be given in per House.

The Classical Association has decided to have the Coburn Players present "Iphigenia," instead of "Electra" as previously announced. This Greek drama will be presented on May 28th.

The College Y. W. C. A. gave its annual donation party in the Y. W. C. A. room of Whipple Hall a short time ago. A number of the Faculty ladies as well as the girls were present. The evening proved very enjoyable.

The Campus Improvement Committee, under the chairmanship of Mrs. T. J. Pitner, set out several hundred additional shrubs during the past week.

President Rammelkamp and Dean F. S. Hayden will probably represent the College at the annual meeting of the Federation of Illinois Colleges to be held at Lincoln on April 28th and 29th. (President Rammelkamp has been invited to address the Literary Union at its annual open meeting at the Colonial Inn, Monday evening.

ADMINISTRATOR'S NOTICE.

Estate of Annie J. Richardson, deceased. The undersigned having been appointed administrators of the estate of Annie J. Richardson, late of the county of Morgan and state of Illinois, hereby give notice that he will appear before the county court of Morgan county, at the court house in Jacksonville, at the June term, on the first Monday in June, next, at which time all persons having claims against said estate are notified and requested to attend for the purpose of having the same adjusted.

All persons indebted to said estate are requested to make immediate payment to the undersigned.

Dated this 29th day of March, A. D., 1913.

Wm. G. Richardson,
Lillie B. Simpkin,
Administrators.

CONGRESS OF WOMEN WORKERS.

Zurich, April 19.—That the working women of Switzerland are well or perhaps better organized than their sisters in any other country is evidenced by the large number of arriving delegates and the elaborate arrangements completed for the third annual conference to be held in this city tomorrow by the Swiss Union of Women Workers. Sunday was selected for the conference because it is the only free day for the majority of the delegates. The congress will discuss the suffrage question, organization of women into trade unions, an annual international recognition of "Woman's Day," and plans for a campaign for bringing about a non-contributory sickness insurance scheme and maternity benefits.

Paints and Finishes for Every Home Use

This is the time to freshen up the home by doing the odd jobs of painting you have been planning. For the buggy, the furniture, for the floors and woodwork, for every paint purpose, we have the right Finish.

ACME QUALITY

PAINTS, ENAMELS, STAINS and VARNISHES

are each and every one scientifically prepared for specific uses. Remember—if it's a surface to be painted, enameled, stained, varnished or finished in any way, there's an Acme Quality Kind to fit the purpose. We can tell you what to use, how much to use and the cost. Ask us.

You Will Need Money For Christmas and Other Purposes

HERE IS | AN EASY WAY TO GET IT
A SURE WAY TO HAVE IT

Join Our Christmas Savings Club, Which Starts April 21, 1913

In Class 5, pay 5c the first week, 10c the second week, 15c the third week, and so on for 33 weeks, and we will mail you a check two weeks before Christmas for \$28.05, plus 3 per cent interest per annum.

Or in Class 2, pay 2c the first week, 4c the second week, 6c the third week, and so on for 33 weeks, and we will mail you a check two weeks before Christmas for \$11.22, plus 3 per cent interest per annum.

Or in Class 1, pay 1c the first week, 2c the second week, 3c the third week, and so on for 33 weeks, and two weeks before Christmas we will mail you a check for \$5.61, plus 3 per cent interest per annum.

You May Reverse the Order of Payments if You Wish to Do So

For instance, in Class 5, going up, the payments start with 5c and end with \$1.65. If you desire to do so you may start with \$1.65 the first week and pay 5c less every week until the last week's payment will be 5c. In Class 2, going up, the payments start with 2c and end with 66c. If you desire to do so, you may start with 66c the first week and pay 2c less every week until the last week's payment will be 2c. In Class 1, going up, the payments start with 1c and end with 33c. If you desire to do so, you may start with 33c the first week and pay 1c less every week until the last week's payment will be 1c.

You may join Class 5 going up, starting with 5c and Class 5a coming down, starting with \$1.65, which would give you a fixed weekly payment of \$1.70, giving you for 33 weeks' payments \$56.10, plus 3 per cent interest per annum.

You may join Class 2 going up, starting with 2c and Class 2a coming down, starting with 66c, which would give you a fixed weekly payment of 68c, giving you for 33 weeks' payments \$22.44, plus 3 per cent interest per annum.

You may join Class 1 going up, starting with 1c and Class 1a coming down, starting with 33c which would give you a fixed weekly payment of 34c, giving you for 33 weeks' payments \$11.22, plus 3 per cent interest per annum.

Payments Must Be Made Every Week, or May Be Made in Advance

Can you think of an easier way to provide money for Christmas presents? Join yourself. Get everyone in the family to join. Show this to your friends and get them to join. We recommend that you begin with the large payment first and pay less each week.

EVERYBODY IS WELCOME TO JOIN

The Christmas Savings Club opens Monday, April 21, 1913. Call and let us tell you about our plan, and take your membership

A STRONG REFERENCE.
A young man recently applied for
a position with a large printing
house, and not having a letter of
reference, offered his bank book. It
showed a regularity of entries of de-
posit. It was a very strong recom-
mendation, indicating character and
persistence, which finally secured for
him a good position.

LITTLE CHANGE IN LEVEL OF PRICES

LIST SHOWS TENDENCY TOWARD HEAVINESS IN THE EARLY TRADING.

Canadian Pacific Showed Exception-
al Heaviness, Opening Two Points
Off Owing to the Sharp Break in
London Before the Opening Here.

(By Associated Press)
New York, April 19.—The level of
prices was virtually unchanged by
today's trading in stocks. Reading
closed ½ point above yesterday's
price and Amalgamated ½ below.
These changes represented the ex-
treme movement among the active
stocks.

Prevailing Styles in Men's Shoes

Young men have the ambition to dress according to the latest ideas in dress. To neglect the question of footwear is a genuine sign of careless dressing.

To put within the reach of young men who want the up-to-date styles in good shoes, we have exerted ourselves tremendously.

If you do care for the latest in footwear or the more conservative styles we are quite sure we can give you what you want.

Mens shoe prices \$2.00 to \$6.00.

High Grade Footwear

New showing of Stacy Adams shoes and low shoes if you want the best in up-to-date or staple footwear styles, see our large showing of Stacy Adams styles, prices \$5.50 and \$6.00.

WE REPAIR SHOES.

The kind for running, jumping and baseball.

GERMANS DO NOT WORRY ABOUT MUNICIPAL DEBTS

Henry M. Hyde Presents Some Remarkable Figures. In Discussing the Income Tax.

That municipal indebtedness in cities of the German empire is considered an indication of health and progressiveness is shown by the fact that most of the more enterprising cities are indebted for a sum exceeding \$100 per capita. Frankfurt owes \$140 per capita, Munich \$125, and many others go well over the \$100 mark. These facts are set forth in an article in the Chicago Tribune by Henry M. Hyde in which he shows that the income tax is the main source of revenue for most German cities.

German citizens do not feel the least alarmed at an indebtedness that would stagger most residents of American cities, were their cities similarly involved. They conduct their municipal government much the same as a progressive business man does his business. When a man invests a sum of money in a business, it is not considered the least bit irregular or alarming even among Americans, if he borrows money to enlarge his business, and in the same way cities of the German empire invest their borrowed funds in electric works, street railways, gas plants, land and many other forms of utilities.

The city of Berlin has a total indebtedness of \$10,000,000, but it owns more than enough land to pay off its indebtedness at the prevailing prices and most of the other cities of the empire have paying assets far greater than their liabilities.

The poorer class of people in Germany are required to bear only a comparatively small part of the municipal expenses, the heaviest being paid by the rich and well to do. Nearly half of all the incomes of German cities are collected through taxation on incomes and in the kingdom of Prussia the tax amounts to as much as 4 per cent, on top of which the income tax for city purposes is imposed, and it amounts to some times five and six times that amount. This the major portion of the burden on the shoulders of the rich and well to do and they do not seem to feel it a hardship.

WE ARE LOOKING FOR A BIG LOT OF NEW SPRING AND SUMMER COATS AND SUITS MONDAY FOR LADIES' AND MISSES. J. HERMAN.

STENOYRIST IN OFFICE. Miss Mariam Manrum, the first graduate on the stenotype from Brown's business college, has taken a position as stenotypist in the office of Strawn & Spink, under Miss Georganna Bacon.

Miss Manrum will substitute during the summer months, while Miss Bacon completes her stenotypy course at Brown's. She will enter upon her duties, Monday, April 21, and Miss Bacon will be at the office on Saturdays.

A GOOD PLACE TO TRADE

OTTO SPEITH HAS ENLARGED PHOTOGRAPHIC STUDIO QUARTERS

Will Have Better Facilities Than Ever For High Class Work in His Line.

Otto Speith has completed the work on his studio in the Wilbert building at the southwest corner of the square and will be ready for business in his enlarged quarters this week. The studio proper which now occupies all of the second floor back of the waiting room has been remodelled with a view to the best lighting effects. It has been refurnished and artistically decorated in buff and brown. The mechanical work has all been removed to the floor above where separate rooms are available for each process. The most up-to-date devices for finishing and printing have been installed enabling Mr. Speith to turn out at least twice as much work as was possible in his old quarters. The high quality of work from the Speith studio is now an acknowledged fact in Jacksonville.

EVERWEAR HOISERY are fully forty per cent better than they were a year ago, although they are sold at the same price as before at FRANK BYRNS' Hat Store.

WAS WELL KNOWN

RAILROAD MAN. Frank Tracey's death, which was noted in Friday's Journal, came as a great shock to Alton employees. Mr. Tracey had just finished his lunch in a restaurant at Bloomington and died on his way to his place of business, from the effects of a stroke of apoplexy. He was the tax agent of the Alton railroad and had been in their employ for over forty years. He was an authority upon the subject of levies and all forms of tax recording. He had saved the road immense sums of money because of his exceptional ability. Mr. Tracey had a great many friends in Jacksonville who learned of his death with great sorrow.

OWING TO IMMENSE SALES SATURDAY WE HAVE ORDERED ANOTHER LOT OF NEW HATS AND TRIMMINGS. J. HERMAN.

SEMI-ANNUAL MEETING. The Missionary union will hold its semi-annual meeting Tuesday, May 22, at State Street church. They have secured the services of Mrs. D. O. Wells of Chicago. She is a brilliant and interesting speaker and those who do not hear her will miss a rare treat. Mrs. Wells is to be at the Missionary union at Springfield, Wednesday, April 23.

CONTEST CLOSED. The contest being conducted by Mackness and Berryman has come to a close. In the bids for planters, Leslie Lewis was the winner and in the bids for cultivator, Fred Ranson. Every bidder received at least a fifty cent whip.

M. F. DUNLAP MAY BECOME U. S. SUB-TREASURER IN CHICAGO

Washington Writer Says Jacksonville Banker Had Conference On Subject With Senator Lewis and Secretary Bryan.

According to a Washington correspondent of the Chicago Tribune, M. F. Dunlap of this city may be appointed to take charge of the U. S. subtreasury in Chicago. Mr. Dunlap is now in Washington and according to the Tribune had a conference on the subject with Senator Lewis and Secretary of State Bryan. The paragraph referring to this matter reads:

"Senator Lewis while at the state department also conferred with Mr. Bryan and Millard Filmore Dunlap of Jacksonville on the appointment of the latter to the Chicago subtreasury. Mr. Bryan had just returned with Mr. Dunlap from a call on Secretary of the Treasury McAdoo, where the same matter was discussed."

This position pays a salary of \$5,000 a year and does not require the presence of the treasurer at the office much of the time.

Viewing Federal Plum Trees.

The whole of the correspondence concerns possible appointments of Illinoisans to government positions and the attitude of Senator Lewis to the same.

"Senator J. Hamilton Lewis started in on his new job today with a tour of inspection of the various federal plum trees now ripe for the picking by lifelong Democrats. The senator was particularly interested in discovering precisely the character and the quantity of plums which Illinois Democrats may expect."

"It transpired during the day that President Wilson sent a message to Senator Lewis denying the published report that Charles R. Crane has been selected as ambassador to Russia and would be appointed in a few days. The president stated he would not think of nominating Mr. Crane or any other Illinois man to any office without first consulting Senator Lewis."

"As previously explained, the president would like to appoint Mr. Crane to the Russian ambassadorship. But Mr. Crane is not convinced that he can afford to relinquish personal attention to his private business."

Would Not Oppose Crane.

"If Mr. Crane decides he is at liberty to accept an appointment President Wilson will confer with Senator Lewis on the submission of the nomination to the senate. While the senator and Mr. Crane are not on the best of terms as a result of political differences, it is thought likely Mr. Lewis would yield to the wishes of the president in this matter."

"Mr. Lewis next called on Attorney General McKendall, whom he informed that Illinois would like to furnish a solicitor general and an assistant attorney general. Mr. McKendall intimated the solicitor general will be a man personally known to the president and the attorney general. He asked Mr. Lewis, however, to submit the names of his candidates. The senator suggested S. S. Gregory and John Barton Payne, of Chicago, and Samuel Alschuler of Aurora."

"For assistant general Mr. Lewis submitted no names, but was requested to send in the list before May 1, as the appointment is to be made about May 15."

Talk Over Illinois Postmasters. "Finally Senator Lewis had a conference with Postmaster General Burleson on the disposal of Illinois postmasterhips in congressional districts not represented by Democrats. The postmaster general suggested that the Illinois congressman at large be given this patronage. Mr. Lewis acceded to the proposition as a general policy."

ATTENTION MASONS. "Harmony Lodge, No. 3 A. F. & A. M., will hold a special meeting Monday evening at 5:45 o'clock. G. R. Bradley, W. M. John R. Phillips, Sec.

Mr. and Mrs. George Wilson of Sandusky street have returned after spending two weeks at the home of Mr. Richardson in the Point neighborhood.

Frank Smith of Chapin has purchased a fine piano from the C. A. Sheppard music house.

TWO BASEBALL TEAMS TRAINING AT ILLINOIS COLLEGE

Coach Harmon Expects to Have Squad That Will Give Good Account of Themselves.

The real spring days have had a telling effect on the athletes of Illinois college and enough students have the baseball fever to make two teams. The bad weather greatly handicapped the men and it was for this reason that the game which was scheduled with Wesleyan for last Thursday was called off.

The baseball diamond has been put in excellent shape by dragging and other needed improvements. Coach Harmon feels that when his men get in good condition that some excellent material will loom up. As it is there are only four old players left on the hill, Widenham, Jaccard, Darragh and Apple.

Illinois will have their initial game next Thursday on the local field with the Shurtleff college team as opponents. Shurtleff played Christian Brothers college a short time ago and was defeated by a score of 11 to 10.

The line-up of the two teams follows:

First Team— Catcher—Darragh (captain). First base—Atchison. Second base—Furr. Third base—Jaccard. Shortstop—Stewart. Left field—Apple. Center field—Pierce. Right field—Dixon. Second Team— Catcher—Whistler. First base—Johnson. Second base—Justus. Shortstop—Gary. Third base—Karch. Left field—Cline. Center field—Spruit. Right field—Russell. Pitchers for both teams—Wheeler, Johnson, Widenham, Tandy. Very little is being done in track work at present but Coach Harmon expects to have a squad in training shortly.

See the FAULTLESS negligee SHIRTS shown by FRANK BYRNS' Hat Store before buying your spring supply.

MATHIS, KAMM & SHIBE SAY: Low cut shoe trade is now in full swing; dull leathers are very popular; white shoes are in good demand. Let us show you the styles.

WILL VISIT ENGLAND. William Harrison of Whiting, Kan., is in the city visiting with his brother, Thomas Harrison on Webster avenue. A week from Wednesday Mr. Harrison expects to start for Yorkshire, England, where he will visit his aunts, Misses Helen and Jane Wilkinson. He will be away for six months, and is contemplating a pleasant stay at the home of his birth.
